PRICE TEN CENTS

CHIEF WARRANT Officers Ernest V. Holmes, Jr., left, of Palmetto, Fla., and David Gehling of Columbus, Ga., and formerly of New York, are armed helicopter pilots of the Army's 6th Aviation Platoon stationed at Bien Hoa, South Viet Nam. Both are temporarily grounded because they were hit by Viet Cong fire, so they ride a motorcycle around the base. (AP Wirephoto)

## Suharto Coup Foils Embassy Raid Plotters

SINGAPORE (AP) — The army takeover in Indonesia reportedly foiled a plot by Foreign Minister Subandrio to attack the U.S. Embassy in Jakarta, sources in Singapore said today.

The sources said Subandrio had urged pro-Communist forces to launch the attack in retaliation for student raids last week on Chinese Communist offices in Jakarta.

The U.S. Embassy burned all its secret documents when it learned of the plans for goons supporting Subandrio to seize documents and burn the embassy, the sources said.

Subandrio, who is also first deputy premier, wanted such an attack to show Peking that he and his followers were still a vital force in Indonesia, the informants added.

Reports reaching Singapore said 20 of Subandrio's intelligence agents exchanged shots last Saturday with paratroopers and military police sent to arrest them. Two agents were shot, the reports said.

**Ministers Arrested**  
The agents were members of an internal spy network Subandrio used to keep watch on Indonesia's military and political organizations, the reports said.

Arms and explosives were reportedly found in the office of the spy network.

The three-day-old government of army chief Lt. Gen. Suharto was believed holding Subandrio and President Sukarno under house arrest at Sukarno's Merdeka Palace in Jakarta, two Japanese newsmen in Jakarta reported.

Travelers from Indonesia said in Singapore that 16 Cabinet ministers had been arrested, along with a number of other leading politicians and agents of Subandrio's spy network.

**Trial For Subandrio**  
Subandrio, whose removal had been demanded by student demonstrations, may go on trial before a special military tribunal that has been probing the attempted coup last October, the sources said. After the coup was crushed, Suharto led a bloody purge of the Communists, who were accused of masterminding the plot.

The travelers said Suharto seems to be firmly in control. They reported groups were dancing and singing in the streets of Jakarta celebrating the army takeover. Province chiefs and political organizations sent promises of support, they reported.

Suharto was expected to announce a new Cabinet within the next few days, replacing Sukarno's 99-man body which had contained pro-Communist members and officials deemed corrupt.

Gen. Abdul Haris Nasution was considered likely to get a high spot. Sukarno fired him last month as defense minister and armed forces chief in a move that touched off waves of student protests.

Sources in Singapore said there was now "very little doubt" that Sukarno had lost all power. He was expected to remain as a figurehead.

**Symphony Cuts Summer Season**  
DETROIT (AP) — The Detroit Symphony Orchestra, acting after union musicians rejected a new contract offer, Sunday announced cancellation of its 1966 summer season.

Robert B. Semple, orchestra president, said failure to reach a settlement with the Detroit Federation of Musicians forced the decision to cancel.

## Gerda No Risk Diefenbaker Tells Newsmen

OTTAWA (AP) — Former Prime Minister John G. Diefenbaker asserted Sunday night that associations between a German woman and one or more members of his Conservative government were no threat to Canadian security.

Diefenbaker told newsmen that Justice Minister Lucien Cardin, who startled Canada with his charges of a sex and security scandal in the previous government, should name the former Cabinet ministers he claims were involved with Gerda Munsinger.

Mrs. Munsinger, who Cardin said was in espionage work before she came from Germany to Canada, said during the weekend she had been friendly with Pierre Sevigny, Diefenbaker's assistant defense secretary.

Diefenbaker hastened back from a fishing trip in British Columbia to defend himself in the House of Commons against Cardin's charge that he had failed to hand over the file on the Munsinger case to government legal advisers.

Prime Minister Lester B. Pearson is expected to announce in Commons today a judicial inquiry into the case. If the inquiry fails to make Cardin's charges stick, this could bring down Pearson's government since his Liberal party does not have a majority in Commons.

**Willing To Return**  
Mrs. Munsinger, a 36-year-old blonde now living in Munich, Germany, has said she is willing to come to Canada to prove that she was never a spy. The prospect of her return prompted an alert order to police and immigration officers at airports across Canada. Immigration authorities said there was a

question of whether she should be admitted but did not specify why.

Mrs. Munsinger was denied entry to the United States as a security risk a number of years ago. Now employed in a Munich discotheque, she claimed she had been a constant companion of Sevigny, a World War II hero, during her stay in Canada.

Sevigny, 49, declared in a television broadcast Saturday that his acquaintance with Mrs. Munsinger, which began in 1959, was purely social and that he never talked politics with her.

"I have nothing to hide," he asserted. He said a judicial inquiry would "amply prove that, frankly, there was no security risk involved during the stay of this woman in Canada."

**"Full Of Fun"**  
He described the woman as "very pretty, very amusing and full of fun."

Michael Munsinger, the woman's former husband, said in an interview in New York that to his knowledge she was not a spy. Munsinger, a former pitcher for the Ottawa Athletics, is now a policeman in Brooklyn.

He divorced Gerda in the early 1950s, he said, when she was barred from entering the United States.

The only statements from Mrs. Munsinger have been relayed by the Toronto Star, which has been keeping her under wraps in Munich. She told the Star that Sevigny gave her a birthstone ring but insisted that she had never tried to get information from him.

**Weather**  
By The Associated Press  
ESCANABA AND VICINITY—Mostly cloudy today, tonight and Tuesday with rain likely Tuesday. Little temperature change. High today, 48. Low tonight, 35. High Tuesday, 50. West to southwesterly winds 7 to 12 mph today. Outlook for Wednesday, cooler with rain likely. High yesterday, 45, low overnight, 34.  
Upper Peninsula — Mostly cloudy and cooler this afternoon. Cloudy tonight and Tuesday with a chance of some light showers possibly mixed with freezing rain or drizzle tonight or Tuesday. Not much change in temperatures Tuesday. Lows tonight 22 to 30. Highs Tuesday 32 to 38.  
The sun sets today at 6:38 p. m., and rises Tuesday at 6:46 a. m.

## Jets Punish Red Force At Ashau Camp

SAIGON, South Viet Nam (AP) — U.S. Air Force and Marine fighter-bombers roared over the ruins of the Ashau Special Forces camp today in the second day of air strikes against the North Vietnamese regiment that overran the isolated outpost on the Laotian border.

The jets ran into "the heaviest antiaircraft fire" ever experienced in South Viet Nam, but they destroyed one building, knocked out five mortar positions and apparently neutralized the Red air defenses around the camp, a U.S. spokesman said.

**Hit Red North**  
The U.S. Command did not report any losses of planes. In the desperate effort to save the camp with air support last week, six American aircraft were lost to the Communist gunners who set up 50-caliber machine guns in the jungled hills around Ashau.

The Viet Cong shot down a single-engine U.S. Army L19 spotter plane on a reconnaissance flight this morning 40 miles northeast of Saigon. The pilot was injured and rescued. His observer was killed.

U.S. pilots flew 42 missions against North Viet Nam Sunday, despite an overcast, the spokesman said. They ranged from the 17th Parallel frontier to Vinh, 150 miles up the coast, and to the area around Dien Bien Phu, in the northwest, striking a familiar list of roads, bridges and other communications targets.

**Ground Quiet**  
The ground war continued at relatively low ebb, but the U.S. Command disclosed that the 1st Infantry Division and Australian troops had launched a new sweep, Operation Silver City, in the thick jungle 30 miles northeast of Saigon last Tuesday. It was kept quiet until the first contact with the Reds.

Gen. William C. Westmoreland, commander of U.S. forces in Viet Nam, issued a special commendation to the American aviators who took part in the daring rescue operations around Ashau during the height of the 39-hour battle and after the camp's fall.

SAIGON, South Viet Nam (AP)—South Viet Nam's military government executed a war profiteer today and sentenced a former official to death for embezzling \$104,000 in public funds.

Ta Vinh, 34, a wealthy businessman of Chinese descent, was tried at dawn to an execution stake in the Saigon marketplace while a battalion of Vietnamese paratroopers sealed the area to prevent any interference from the city's large Chinese population.

Later in the day, Premier Nguyen Cao Ky's special anti-corruption tribunal pronounced the death sentence on Dang Cao Sach, 52, former treasury service chief in the mountain resort of Dalat, 150 miles northeast of Saigon, for embezzlement going back to 1956 to cover gambling debts and extravagant living. Sach, father of six, pleaded guilty and asked for leniency.

Ky, who attended the opening session of Vinh's trial, has promised to wage an unrelenting war against widespread graft and price manipulation that has contributed to the country's inflation.

Vinh, a father of eight, was convicted of "economic sabotage." The charges against the import-export firm manager included hoarding, speculation, illegal transfer of funds and bribery. The government rejected appeals for clemency.

Vinh's wife, wailing and shouting in English, Chinese and Vietnamese, appeared at the square with seven of her children to plead for her husband's life. National police kept her behind the barred wire from sight of the execution as the bullets from the 10-man army firing squad tore into Vinh's chest.

**Shops Reopen**  
While the political effect of the execution remained unclear, a different problem for the government appeared to be simmering down. Shops reopened in Da Nang this morning after two days of peaceful demonstrations there protesting the dismissal of Lt. Gen. Nguyen Khanh Thi as commander of the army's 1st Corps.

Thi, 43, a potential rival to Ky, was fired last Thursday by the rest of the ruling military directorate. He had been virtual overlord of the country's five northernmost provinces.

Downtown stores in Da Nang closed for five hours Sunday in a general strike organized by Thi's supporters in the coastal garrison town 380 miles north of Saigon.

The large force of U.S. Marines and other American personnel stationed at Da Nang were kept out of the downtown area to avoid being involved in any unrest.

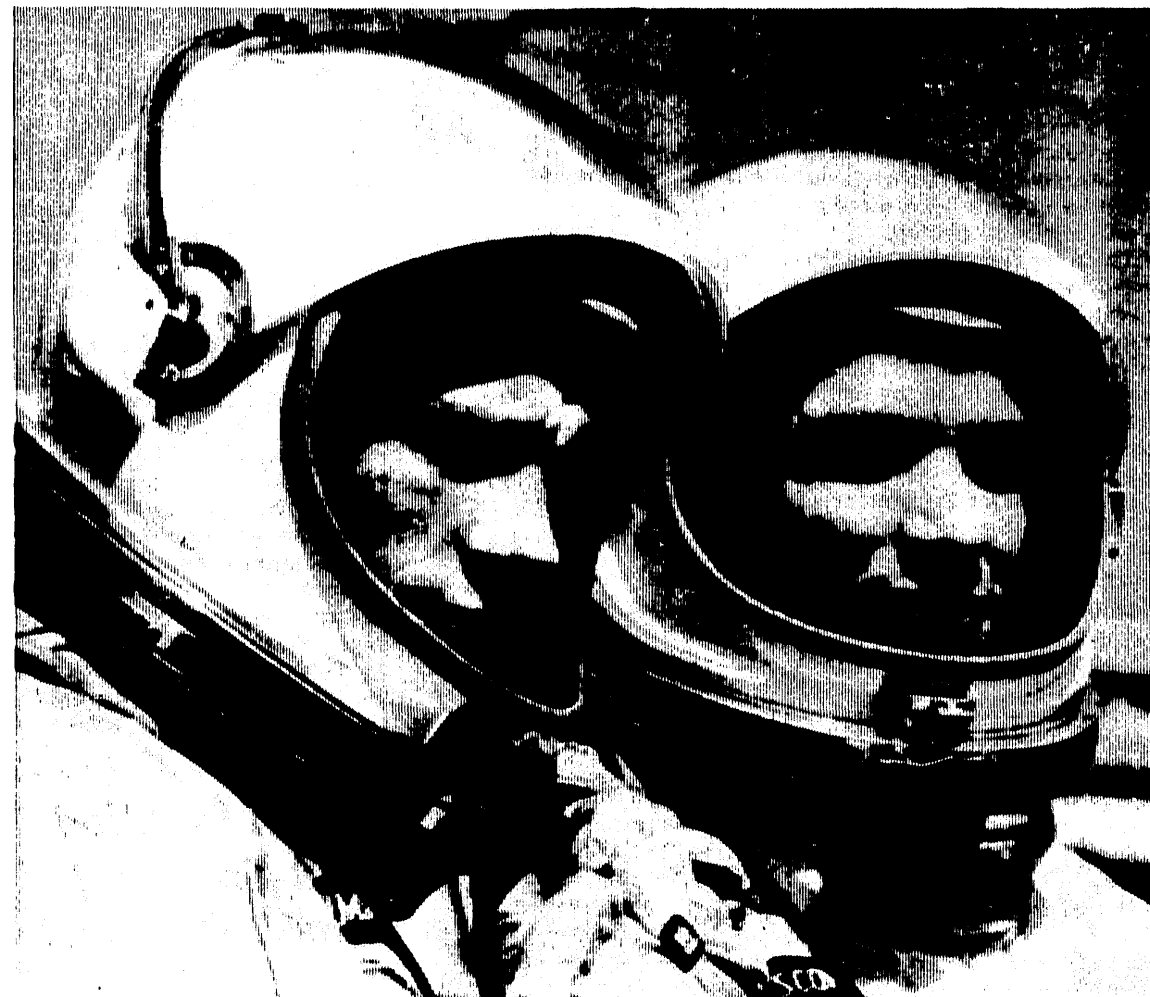

Thi's supporters promised more demonstrations in Da Nang and other cities in the 1st Corps area including Hue, where Buddhists began the protest that led to the overthrow of President Ngo Dinh Diem in November 1963. But the public appeared apathetic to the dismissal.

Business was back to normal in Da Nang today. Most public employees were back on the job and traffic was unusually heavy for a Monday morning.

An American task force led by Secretary of Health, Education and Welfare John W. Gardner arrived in Saigon to explore ways of helping the government carry out the social reforms promised by President Johnson and Ky at their meeting in Honolulu last month.

**Rescue Boys**  
ROSEVILLE (AP) — Firemen in a rowboat rescued Joseph Buck and Steve Jackson, both 14, from a water-filled gutter pit Sunday. The boys had clung for a half hour to a cable across the pit after their own boat sank.

## First Space Hookup Flight Is Delayed

GEMINI 8 ASTRONAUTS Neil Armstrong, left, and David Scott pause in their pre-flight training for Wednesday's start on a three-day orbit from the Cape Kennedy, Fla., space center. (AP Wirephoto)

## Ky's Crackdown Sends Profiteer To Firing Squad

SAIGON, South Viet Nam (AP)—South Viet Nam's military government executed a war profiteer today and sentenced a former official to death for embezzling \$104,000 in public funds.

Ta Vinh, 34, a wealthy businessman of Chinese descent, was tried at dawn to an execution stake in the Saigon marketplace while a battalion of Vietnamese paratroopers sealed the area to prevent any interference from the city's large Chinese population.

Later in the day, Premier Nguyen Cao Ky's special anti-corruption tribunal pronounced the death sentence on Dang Cao Sach, 52, former treasury service chief in the mountain resort of Dalat, 150 miles northeast of Saigon, for embezzlement going back to 1956 to cover gambling debts and extravagant living. Sach, father of six, pleaded guilty and asked for leniency.

Ky, who attended the opening session of Vinh's trial, has promised to wage an unrelenting war against widespread graft and price manipulation that has contributed to the country's inflation.

Vinh, a father of eight, was convicted of "economic sabotage." The charges against the import-export firm manager included hoarding, speculation, illegal transfer of funds and bribery. The government rejected appeals for clemency.

Vinh's wife, wailing and shouting in English, Chinese and Vietnamese, appeared at the square with seven of her children to plead for her husband's life. National police kept her behind the barred wire from sight of the execution as the bullets from the 10-man army firing squad tore into Vinh's chest.

**Shops Reopen**  
While the political effect of the execution remained unclear, a different problem for the government appeared to be simmering down. Shops reopened in Da Nang this morning after two days of peaceful demonstrations there protesting the dismissal of Lt. Gen. Nguyen Khanh Thi as commander of the army's 1st Corps.

Thi, 43, a potential rival to Ky, was fired last Thursday by the rest of the ruling military directorate. He had been virtual overlord of the country's five northernmost provinces.

An American task force led by Secretary of Health, Education and Welfare John W. Gardner arrived in Saigon to explore ways of helping the government carry out the social reforms promised by President Johnson and Ky at their meeting in Honolulu last month.

## Appropriation, Tax Bills Fan Debate Fires

WASHINGTON (AP) — A \$13.1-billion appropriation bill and a \$6-billion tax measure may keep Congress busier than usual this week and fan the fires of controversy over foreign policy.

Both are emergency measures and by-products of the Viet Nam war.

The appropriation bill comes before the House Tuesday and is expected to pass by Wednesday. It has not been considered by the Senate.

The bill carries the exact amount of money requested by President Johnson to finance the increasing cost of military and economic programs in Viet Nam and other areas of Southeast Asia. It would raise to about \$60 billion total defense appropriations voted for the current fiscal year ending June 30.

The tax bill already has passed both the House and the Senate, but in different forms. A compromise scheduled for passage by both branches Tuesday would raise an estimated \$6 billion through fiscal 1967 and add about 300,000 persons 72 years old or older to the Social Security benefits rolls. The pensioners would be paid by funds from the Social Security trust fund until July 1, 1967.

The new revenue would come from restoration of recent cuts in excise taxes on automobiles and telephone calls and a revision of the withholding system designed to keep taxpayers current with their income tax liability and also speed payment of corporate taxes.

The administration requested the tax bill as an anti-inflation weapon.

Two other bills on the House docket this week are expected to stir controversy.

One would provide an official residence in Washington for the vice president. The other would allow the Interstate Commerce Commission to order Daylight Saving Time during six summer months for all time zones in the nation.

**Nelson Pillar Blasted Away To Clear Site**  
DUBLIN, Ireland (AP) — The Irish army Monday demolished the remaining stump of the 157-year-old Nelson pillar in Dublin shattered by anti-British saboteurs last Tuesday.

Three hundred policemen cordoned off roads leading to the site. But after the explosion, they were swept aside by crowds seeking souvenirs.

The 134-foot monument to Horatio Nelson, Britain's greatest admiral, had ranked Irish extremists as a symbol of Britannia.

The blast last Tuesday had blown off the statue of Nelson and the top 40 to 60 feet of the pillar.

## Leaks In Atlas And Spacesuit Cause Day Loss

CAPE KENNEDY, Fla. (AP) — The rendezvous and space walk flight of the Gemini 8 astronauts was postponed today for 24 hours — until Wednesday — when leaks were discovered in an Atlas rocket and in a spacesuit circuit of the spacecraft.

The National Aeronautics and Space Administration reported the trouble was discovered during checks that were to precede the final countdown.

The astronauts, Neil A. Armstrong and David R. Scott, will use the extra time to further review their flight plan, the space agency reported.

They had been reported confident as the launch date neared for their historic trip.

The Atlas is to launch an Agena satellite into space as a target for the astronauts to chase and hitch on to.

The Atlas leak was discovered when liquid oxygen was found to have leaked into a helium sphere used to pressurize the fuel tanks.

**Spacesuit Leak**  
The spacesuit leak was in a space suit circuit which is to separate moisture from recirculated cabin air during the three-day flight.

The space agency said technicians expected to have the problems solved in time for a Wednesday launching.

The launch times for the tricky space doubleheader will remain the same on Wednesday. The Atlas-Agena is to blast off at 10 a. m. to propel the 28-foot-long Agena into a planned 185-mile-high orbit around the earth.

Armstrong and Scott are to blast off at 11:41 a. m., catch up with the Agena on Gemini 8's fourth orbit 5½ hours later and link up with it an hour later.

Early Thursday morning, Scott is to become a human satellite for nearly 2 hours—performing tasks outside the spacecraft at the end of a 100-foot lifeline.

**Check For Life**  
The extent of life at high altitudes and the effect of outer space on living things from earth will be the basis of an important experiment initiated during Scott's space walk.

The astronaut plans to take a package of live organisms — including three types of viruses, mold spores and other microscopic specimens — and attach it to the Agena space target. In addition, a sterile patch will be attached to the Agena which is designed to collect specimens of life present in space.

The same Agena may be used as a second target for a later Gemini mission — Gemini 10 — and astronauts on board that spaceship hope to recover the packages left by Scott so scientists on earth can study what happened.

Technicians at Gemini launch complex 19 today were to turn on the fuel cells aboard the spacecraft, and check guidance systems of both the spaceship and launch vehicle.

Loading of liquid hydrogen and oxygen which provide electrical power in the fuel cells was to be completed.

**Recovery Crew Ready**  
The astronauts will arrive at complex 19 about 20 minutes before the Atlas blasts off and close the hatch of their spacecraft just before the Atlas' mighty 390,000-pound-thrust engine roars to life.

In the prime recovery zone about 635 miles southeast of Cape Kennedy a full-dress rehearsal was planned today for the recovery of the Gemini 8 spacecraft Saturday morning.

The exercise, directed by Mission Control Center at Houston, Tex., involves the prime recovery ship — the aircraft carrier USS Boxer — as well as search and rescue helicopters launched from the aircraft carrier's deck.

A dummy capsule was to be hunted down during the exercise.

After docking with the Agena their first day in orbit, Armstrong and Scott plan to conduct some maneuvers to see if the weight of another object in space — the Agena — can be accurately measured by instruments on board Gemini.

Thursday morning Scott will

## Van Braun At Tech

## Space Effort To Cut Light Bills

HOUGHTON — Dr. Werhner von Braun, noted space and rocket scientist, said here Friday night the United States will land a man on the moon before 1970 in spite of all other demands on the economy, including the war in Viet Nam.

Dr. von Braun spoke to an audience of 1800 on the Michigan Tech campus.

He said that there will be many by-products of the space program that have not been publicized as well as the actual landing. One of these by-products will be the harnessing of thermonuclear power to produce electricity. "This," he said, "will be the big payoff. The bottom will fall out of electric rates and everybody will be able to enjoy an easier and more productive life."

Another by-product of the space program is the political prestige and status it gives the United States.

Dr. von Braun said he does not believe any country will ever use orbiting hydrogen bombs as weapons. It would leave weapons systems of those countries open to inspection by satellites and they would not want that.

Orbiting satellites will be used, he said, for a global resources management program by the year 2000. Such a program would have satellites continuously circling the earth with measurement and evaluation instruments in them. These instruments would be able to calculate the amount of food being raised in all parts of the world, what condition the food crops were in, and at what rate the population was expanding. With these facts, governments would be able to head off starvation before it started.

"These same sort of instruments could be used, of course, to scan the world for other information," he said. "Call them spy satellites or fact finding satellites, I believe the world would be safer if everybody knew what everybody else was doing."

Dr. von Braun is director of the Marshall Space Flight Center in Huntsville, Alabama. The Center is responsible for developing the Saturn I and IB rockets and the Saturn V, which will be used as America's first moon rocket.

## Slight Injuries Reported In Two Traffic Mishaps

Three minor traffic accidents were reported to State Police over the weekend — two involving slight injuries to drivers.

James Kesick, 29, of Rte. 1, Neenah, Wis., was ticketed for failing to stop and identify after a property damage accident and also for not having an operator's license, after his car struck the rear of a car driven by Charles Schramm, 62, of Rapid River.

Troopers said both cars were going south on U.S. 2 and 41 in Brampton Township. Schramm suffered minor injuries, officers said.

James Bizeau, 22, of 1115 Montana Ave., Gladstone, also was slightly injured when his car struck the rear of a car driven by Gary Sodergard, 23, of 1309 N. 15th St., Gladstone, on U.S. 2 and 41 at 6:50 p.m. Saturday. Bizeau was given a traffic summons for following too closely.

Glyn Jeffers, Marquette, was ticketed for not having an operator's license after his car and a car driven by Ernest Keinonen, 47, of 227 N. 11th St., Escanaba, bumped together at the intersection of Co. Rd. 1-24 and U.S. 2 and 41 in Masonville Township at 3 p.m. Sunday. Police are still investigating as driver's stories differ.

## WOMEN PAST 21 WITH BLADDER IRRITATION

After 31, common kidney or bladder irritations affect two as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Secondary, you may lose sleep and suffer from headaches, backaches and feel old, tired, depressed. In such irritation, CYTIZOL usually brings fast, relaxing comfort by soothing irritating germs in strong, acid urine and by analgesic pain relief. Get CYTIZOL at drugstore. Feel better fast.

## Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinking) took place.

Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®) — discovery of a world-famous research institute.

This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

## Rodman Wins TV Position

George T. Rodman

The appointment of George T. Rodman to the position of director of advertising, promotion, and press information at WBKB-TV, Chicago, is announced by Richard O'Leary, ABC vice president and general manager of WBKB-TV, ABC's owned television station in Chicago.

The promotion is effective March 21.

After the announcement of Rodman's promotion from KGO-TV where he was formerly associated, David M. Sacks, vice president and general manager of KGO-TV said that Rodman "has left an indelible mark on the image of KGO-TV. His imagination and inventiveness have attracted public attention to our station and its programs and have earned numerous industry awards for excellence in promotion and publicity. He is very deserving of his promotion and we wish him the best."

In his promotion to WBKB-TV, Rodman returns to the station where he entered broadcasting. He rose from publicity writer in 1953 to assistant promotion director of the station before going to KGO-TV in 1958.

Prior to his ABC affiliation, he was public relations manager of I.B.M. in Chicago, and a writer on the Escanaba Daily Press.

The Rodmans will move from their present home in San Rafael, Calif., in April. Mrs. Rodman is the former Janis Bergman, daughter of Mr. and Mrs. Lency Clairmont.

They have three children: Mark, 11; Sally, 10 and Vera Kristin, 8.

Rodman is the son of the late Mr. and Mrs. Mark Rodman of Escanaba.

## Marine City Gets Grant For Industry

A \$78,000 grant to help Marine City, Michigan, provide facilities needed for expansion of three firms located in the city's industrial park was approved today by Eugene P. Foley, assistant secretary of Commerce for economic development. Funds will be used for paying of an access road and construction of a storm sewer to serve the plants. Approximately 34 new jobs will result from expanded production at Seaway Plastics Corp. and Butler Plastics Co., manufacturers of automobile plastic parts, and Mechanical Fabricators, Inc., producers of steam boilers.

Total cost of the facilities will be \$158,000. Marine City will match EDA's investment of \$78,000.

## Claim Need For Hospital License Act In Michigan

LANSING (AP)—Atty. Gen. Frank Kelley said today the deaths of three patients at Pontiac Osteopathic Hospital last November are "dramatic evidence" of the need for state licensing of hospitals.

Kelley, after studying a probe by S. Jerome Bronson, Oakland County prosecutor, also said: "He is referring the cases of Dr. Lloyd A. Goodwin, E. O., and Dr. Stanley E. Abrams, D. O., to the Board of Osteopathic Registration and Examination for whatever action it deems necessary."

Urgent attention must be given to administration of anesthesia in hospitals. Goodwin was chairman of the anesthesia department of the hospital and Abrams was associate anesthesiologist at the time of the deaths, which assertedly occurred from improper anesthesia.

## State Is Second

LANSING (AP) — Michigan was second only to New York State in use and sale of outboard motors, the State Conservation Department reports. An estimated 463,000 were in use in the state last year, 1,000 more than in 1964.

## Spring Breakup Early

## Delta Doubles Blacktop Plans For This Year

State Highway Department truck weight limitations of 11,700 tons on an axle went into effect at noon today and Delta County enforced the same rule on its county roads. The normal limit is 18,000 tons per axle.

William Karas, Delta County highway superintendent, said that Delta County roads are in poor condition because of the unusually early spring breakup.

"It's real bad on all gravel roads," said Karas "and the blacktop is breaking up too. The frost is out of the top of the roads after recent warmth and rains and once the road breaks up there's just too much water for the thawed out earth and it turns into ooze. We're a couple weeks earlier than usual with the breakup."

Karas said that Delta County has had much less expense for snowplowing this winter than in most years. He said that the saving could not be determined yet, because the repairs to the roads caused by the spring breakup are charged to winter maintenance expense and the reconstruction needs are not known because the breakup is only starting.

"We've still got our St. Patrick's Day blizzard to contend with!" said Karas.

## Leaks In Atlas And Spacesuit Cause Day Loss

(Continued from Page 1)

slowly emerge on the end of a 25-foot tether with life-supporting oxygen inside a pack on his chest. He will work his way to the rear of Gemini 8 and put on a back pack and an additional 15 feet of lifeline stored there. During his nearly two and one-half hours outside, Scott will become the first space mechanic by tightening and loosening bolts with a special power tool. He also will retrieve radiation-measuring and micrometeoroid-detection devices, take pictures and look at the stars.

"The primary purpose of EVA — Extra Vehicular Activity," Scott said during a preflight interview, "is to evaluate the life support systems necessary for one to complete the lunar mission."

Scott said Armstrong will have the toughest job because "he'll be flying formation with the Agena and flying formation with me and watching systems and changing cameras."

"All I have to do is one little task at a time outside," Scott said.

## Drug Officials Give Warning Of Faulty Syringes

WASHINGTON (AP) — The Food and Drug Administration warns diabetic patients, doctors and nurses to check on what the administration says are incorrectly calibrated insulin syringes.

Dr. James L. Goddard, commissioner of food and drugs, said that at least 1,440 of such syringes have been distributed since 1959 in 31 states—including Michigan.

Goddard said all bear the firm name "East Rutherford (N.J.) Syringes, Inc. and were distributed by the Empire State Thermometer Co., Carlstadt, N.J."

Officials of the firm could not be reached for comment.

Goddard said the syringes involved are two cubic centimeter syringes. These syringes, he said, are marked with two scales, one showing a maximum of 40 units and the other a maximum of 80 units.

The same double scale markings appear correctly on the firm's one cubic centimeter syringe, he added. They are safe, he emphasized.

"The incorrectly marked two cubic centimeter syringes are a health hazard," Goddard warned. "Each person who has an insulin syringe should check to see if it is the 2 cc size marked with the two scales... such syringes should not be used."

"Use of incorrectly calibrated syringes may cause diabetics to receive a double dose of insulin and suffer insulin shock," Goddard added.

He said that Delta County Road Commission plans to do twice the normal amount of county road blacktop surfacing this year, all reconstruction work. It will receive bids here on March 29 for 13.8 miles of blacktopping and in an average year it constructs only 6.5 miles. Karas said that the commission hopes, with the larger order, to reduce the unit cost of surfacing.

## Beaver License Sale Announced

Beavers licenses for trapping in District 3 which includes Delta and Marquette counties and the western half of Alger County may be obtained from nine sources throughout the district, according to Robert W. Timmer of Escanaba, district law supervisor.

License fee is \$2 and persons buying licenses must be at least 12 years old. The beaver trapping season in the Upper Peninsula, except for Menominee and Dickinson Counties, runs from noon April 2 to noon April 24. All licenses must be purchased before 5 p.m. on opening day.

Places and times where licenses can be obtained in District 3 are:

Escanaba District Headquarters, now through April 2, from 8 a.m. to 5 p.m.; Marquette station, now through April 2, from 8 a.m. to 5 p.m.; Wells Township at Arnold, Marquette County, from 8 a.m. to noon, March 31; Gwinn equipment station, afternoons of March 31 and April 1; Champion station from 8 a.m. to 5 p.m. March 23; Jean's Cafe in Republic from 8 a.m. to 5 p.m. March 24; Neegaunee Police station after 6 p.m. March 24 and from 2 p.m. to 8 p.m. March 25.

Licenses will also be available by contacting officer Willard St. Onge at Chatham, GE9-3875 and by contacting officer Albert Latasiewicz at Munising, EV7-2151.

## Prices Raised On Cigarettes

NEW YORK (AP)—The American Tobacco Co. announced today it was raising the price on all brands of its cigarettes, except one, effective immediately.

A company spokesman said the increase would amount to a penny a pack for the consumer although officially the price boost is figured in lots of 1,000 cigarettes.

The one exception, the company said, was Pall Mall filter cigarettes on which the price was reduced from \$12 to \$9.40 a thousand.

On Lucky Strike regulars, the price was increased from \$8.80 to \$9.20 per thousand and on Lucky Strike filters, Tareyton, Carlton, Waterford, Half and Half, Montclair and Pall Mall nonfilters, the price went from \$9 a thousand to \$9.40.

The company said it would have no statement on the reasons for the price changes.

## Eight Sessions For Physicians Planned In May

A series of 18 programs will be conducted across Michigan this spring to provide continuing medical education for physicians. The Michigan State Medical Society announces 8 of the programs for the Upper Peninsula. Professors from the schools of medicine at the University of Michigan and Wayne State University will speak and the Michigan Department of Public Health is cooperating.

Afternoon clinical programs or evening lectures will be offered at Escanaba, May 17; Houghton, May 18; Ironwood, May 17; Marquette, May 19; Menominee, May 18; Sault Ste. Marie, May 18.

## Fred T. Cavill Taken By Death

RAPID RIVER—Fred T. Cavill, prominent member of this community for most of his lifetime, died at the Pine Haven Nursing Home at 5:45 a.m. Sunday. He was 76 years old.

Mr. Cavill had been ill for several years and was a patient at the nursing home for 13 days.

Born in Brown County, Wis., on Jan. 2, 1880, he came to Rapid River as an infant with his parents. He was a member of St. Charles Church.

He served as postmaster here from 1935 to 1950 and was a rural mail carrier until his retirement in 1960.

Surviving are his wife, Dorothy; four sons, Donald J. of Lompoc, Calif.; Robert of Escanaba; William of Menominee and Fred Jr. at home; one daughter, Mrs. Jack (Mary Jane) Bink of Escanaba; 11 grandchildren and one great-grandchild; three brothers, Jesse Cavill of Ashland, Leo and Hugh of Menominee; and two sisters, Mrs. O'Neill (Eslie) D'Amour of Manistique and Mrs. Kenneth (Kathleen) Scott of Rapid River.

Friends may call at the Skradski Funeral Home at Gladstone beginning at 3 p.m. Tuesday and parish prayers are scheduled for 8 p.m. Tuesday. Funeral services will be held at St. Charles Church at 10 a.m. Wednesday with a nephew, Mgr. O'Neill D'Amour officiating. Burial will be in the Rapid River Cemetery.

## Alaskan Heads Fish Biology Work In U.P.

Asa T. Wright, a native of Owosso, and graduate fish biologist with a master of science degree in fisheries from the University of Michigan in 1960, has accepted the regional fish habitat position with the Michigan Department of Conservation at Marquette.

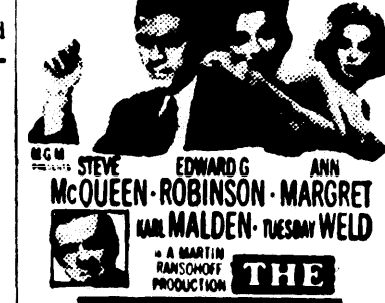

Wright was employed with the Alaska Department of Fish and Game from 1961 through 1965 as a senior fish biologist and was in charge of several phases of that department's salmon research. He is married and the father of three sons, Terry, Timothy and Kevin and one daughter, Debora Ann. They have made their home at 314 E. Case St., Neegaunee. Wright fills the vacancy created when former Habitat Biologist Ken Christensen was transferred to Lansing several months ago.

Jerry Peterson, former student aide research assistant with the Department of Conservation's Institute for Fish Research, has accepted the position of fish biologist trainee at Newberry, effective May 2. Peterson, a native of Marshfield, Wis., is doing graduate work at the University of Michigan.

Bernard Ylkanen, a native of Wakefield, has been employed as a fish biologist trainee, at the Department of Conservation office at Baraga. Ylkanen, has been employed during the past two summers with the U. S. Forest Service out of Ironwood.

# Orchestra Wins High Praise Of Capacity Crowd

A year ago the Board of the Delta County Community Concert Association was offered the Indianapolis Symphony Orchestra as a "hold" attraction for the 1965-66 season, providing the workers could extend themselves to secure enough memberships to underwrite the orchestra's large fee.

Judging from Saturday night's packed auditorium and the enthusiasm of the audience, the diligence of the workers paid rewarding dividends.

Izler Solomon, internationally famous conductor, and his 86 men and women of the Indianapolis Symphony gave the capacity audience a musical experience of excellence seldom heard in the Upper Peninsula. All of the music was important and difficult.

The program began with the Overture to "Colas Breugnot," an opera composed of Dimitri Kabalevsky in 1938. One of the more popular modern symphonic scores, it is a swashbuckling, riotous, merry and melodious piece of music, and the verve of the orchestra having fun with it captured immediate audience attention.

# Ray Gardner, 41 Dies Suddenly

Raymond Alphonse Gardner, 41, of Escanaba Rte. 1, died suddenly at 7 p.m. Saturday. He was pronounced dead on arrival at St. Francis Hospital.

Born Sept. 15, 1924 in Wells, he had lived in Delta County most of his life. He was a disabled U.S. Army veteran and a member of the Sacred Heart Church in Schaffer.

He is survived by his widow, the former Audrey Buckland, two children, Bonnie Jean and Gregory Alan, at home; seven sisters, Mrs. Lucille Comstock, Flint, Mrs. Raymond (Josephine) Grenier, Wells, Mrs. John (Delphine) Rudden, Mrs. Ed (Alice) McGillis, Escanaba, Mrs. Charles (Rosemary) Beauchamp of Wells, Mrs. Donald (Leah) Olson, Wells, and Mrs. William (Theresa) Ackery of Escanaba; two brothers, William Gardner of Gladstone Rte. 1 and Donald of Flint.

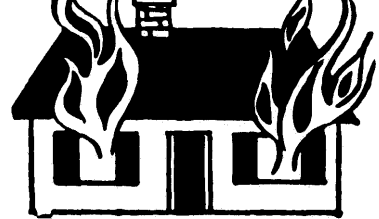

Friends may call at the Alto Funeral Home from 3 to 9:30 p.m. Tuesday and parish prayers will be recited at 8 p.m. Tuesday. Funeral services will be conducted at 10 a.m. Wednesday at the Sacred Heart Church in Schaffer. The Rev. C. J. Mark will officiate and burial will be in Holy Cross Cemetery. Military rites will also be conducted.

# Former Resident Dies In California

Funeral services for Mrs. Frank Gillotte of South Pasadena, Calif., former resident of Escanaba, will be held Tuesday in South Pasadena.

Mrs. Gillotte died Saturday. She was the mother of Mrs. Rita Wait and Joseph Gillotte of California, also former residents of Escanaba.

Next came an attractive Miss from California—Carol Rosenberger—who was piano soloist with the orchestra in the idyllic Piano Concerto of Edward Greig.

Often authoritative and competent in the concerto's difficult passages, Miss Rosenberger seemed to work well with Mr. Solomon, but the orchestra often gave the impression of being "a thing apart." Unable to rehearse beforehand, both Miss Rosenberger and the orchestra were at a disadvantage in this number.

The Symphony was at its best in the second half of its program, which included Samuel Barber's "Essay for Orchestra" and Dvorak's "Symphony No. 2 in D Minor." The director and the orchestra displayed complete understanding for the qualities of fantasy, harmony and great technical ability of the contemporary Pennsylvania-born Barber. Small wonder that his works have won him two Pulitzer prizes.

Antonin Dvorak, greatest of the Czech nationalistic composers, knew the value of the fourth of his seven symphonies and as the Indianapolis musicians interpreted the lengthy work Saturday night, it was beautiful in sound and filled with the rich treasure of Slavic moodiness.

Two popular encores, Tchaikovsky's "Waltz" from "The Sleeping Beauty" and the energetic "Russian Sailors' Dance" from Gile's "Red Poppy" ballet, were enthusiastically applauded by a crowd that seemed to realize that it would be a long time before there would be the opportunity to again hear such a memorable evening of fine orchestral music.

The fourth and closing concert of the 1965-66 series will be the Reverend's Male Quartet on May 28.

# Outdoor Show Interest High, Lewke Reports

Walter Lewke, manager of the Escanaba Chamber of Commerce, moved on to the Milwaukee Sentinel Sports Show this week after a week at the Chicago National Boat Travel & Outdoors Show at McCormick Place.

He said among visitors to the Upper Peninsula and Escanaba booth at the Chicago show were Jim Gibson of Gulf Oil Co., Ralph Norton of Clairmont Transfer Co., and Don Trotter, former Escanaba insurance man who is now in Kenosha, Wis.

"The Chicago Show was tremendous," wrote Lewke, who was there helping staff the Upper Michigan Tourist Association booth to develop tourist business for this area. Among the attractions of the booth were Chief Herbert Welch of L'Anse.

Attendance at the Chicago show was 171,892 in the period March 5-7. The Northern Great Lakes Area Council, a promotional organization with members in Wisconsin, Upper Michigan, Minnesota and Ontario held its mid-winter meeting in conjunction with the show.

# Funeral Services Held For Former Escanaba Resident

Funeral services for Ignace Miketinas, 69, of Chicago, former resident of Escanaba who had been employed for many years with Shepeck Dimension Co. at Wells, were held in Chicago at St. Francis de Sales Church. Burial was in Holy Cross Cemetery in Chicago.

Mr. Miketinas died March 3. He is survived by his widow, Julia; two daughters, Mrs. Grace Sertie and Mrs. Viola Ferstle, and two sons, Richard and Gerald, all of Chicago, a sister and brother in Europe, and 11 grandchildren.

Mr. and Mrs. Frank Sudak of Escanaba attended the funeral.

The Holy Bible has been translated into more than 1,200 languages, and dialects.

# SETTLEMENT DAY NOTICE

**Masonville Township**

It will be held on Tuesday, March 22, at Rapid River Fire Hall beginning at 7 P.M. All persons having claims against said township are hereby notified to present the same to the undersigned on or before above named date.

**PANNING OUT**—Predecessor of the electric blanket, the bed warmer made cold nights livable for our ancestors. Lisa Gillespie turned up this one in her home town of Vincennes, Ind. Filled with hot coals, these oversized popcorn poppers were passed between the covers to chase the chill before submerging in the feather bed.

# Construction Loss Feared Roadside Beauty For Peninsula Causes Concern

Delta County's delegation to the annual highway conference March 8-19 in Grand Rapids sponsored by the University of Michigan for state and county highway officials heard of federal aims for highway beautification as a major new emphasis in planning and financing of the nation's roads.

Supr. William J. Karas led the Delta delegation, which included Commissioner Earl Quinn, Assistant Superintendent George Rapette, Robert Karas, assistant engineer, and Alfred Johnson, shop foreman and purchasing agent.

Conferees got the strong impression, although the federal program wasn't spelled out in that detail, that eventually the federal government and local and state governments in highway construction through the U.S. Bureau of Roads will be contingent upon meeting certain roadside beauty standards.

Mrs. Lyndon B. Johnson has headed the national drive to rid the highways of America of unsightly auto graveyards and other detractions and maximum federal highway aid on federal trunklines already is contingent upon roadside standards.

There was no specific citation of bad Upper Peninsula highway roadside conditions which would imperil federal aid.

Upper Peninsula highway men at the conference expressed concern about the possibility of having part of federal aid earmarked for roadside beautification. They said that this area does not get enough money to provide an adequate highway system everywhere and that if some of it were siphoned off for esthetics, that much would be lost to construction.

"We've still got to get some of the corduroy out of the middle of the road and we should be concerned with that before we start worrying about what the roadside looks like," said one road man.

# Judge McGregor Top Wildlifer

**PITTSBURGH (AP)**—The National Wildlife Federation closed its three-day annual meeting Sunday with the reelection of appellate court Judge Louis D. McGregor of Flint, Mich., as president. It will be McGregor's third consecutive term in the office.

# Students Told Of Job Futures

Knowledge and Job Success" was the theme of an Escanaba Junior High School program conducted recently under the direction of Glenn Gamble, Junior High counselor.

The purpose of the program was to emphasize to the students the value of mastering the knowledge presented in High School.

There were 11 speakers, each representing occupations selected by the students as those they would like to investigate. The talks concerned job duties, future of the occupation, training and education needed, and High School subjects which would be most helpful to a student who wished to enter the field.

Speakers participating were: Dr. Don Alminetti, veterinary medicine; Chief Petty Officer Covey, U.S. Navy; Mrs. Sue Decker, secretary; Mrs. Becky Elder, cosmetology; Lawrence Haack, forestry; Mrs. Phyllis Hill, R.N., nursing; Harold Johnson, physical education; Trooper Madden, Michigan State Police; Mrs. Jackie McNamee, medical technology; Frank Opolka, conservation; and Robert Reynolds, Federal Bureau of Investigation.

Some coral and volcanic Pacific islands, such as the Hawaiian Islands, have no native vertebrates except birds and bats.

CAREERS IN NURSING were discussed by Mrs. Phyllis Hill, R.N., of Escanaba, in talks to Junior High School students recently. Other speakers represented occupations ranging from cosmetology to the FBI.

## United Micronations

Years ago there was concern in the free world because Russia was bringing its satellites into the United Nations as member nations and building its communist bloc vote. This was regarded as a perversion of the democratic organization of the United Nations, where honest sovereign nations would sit as a family and organize the world for peaceful progress.

The Russian move was an obvious plot. There is no plot in a more serious problem now growing up in the United Nations and in the world. It is the poor, little, new nations.

They are, for the most part, the results of colonialism. In the last century and early in this one the European nations were building empires and they grabbed what they could abroad for colonies. When the empires broke up in the world wave of independence (except in the communist states) the subjugated people who were liberated bitterly resented colonialism but adopted many of its trappings.

They had been ruled by a European nation and now that they were free and independent they wanted a nation of their own. And they got one. Since World War II only 20 years ago 60 new nations have been created. The geography books can't keep up with the proliferation. And more—and worse—is to come. There are still 50 colonial territories to be freed; 31 of them in the British Empire alone. They'll all want to be nations.

Political scientists don't agree on a simple definition of what a modern nation is, but traditionally it has been considered to be a people who have a common history and culture and, usually, a common language, although there are some notable exceptions to this last factor, including Canada, Belgium and Switzerland.

Today a nation is usually regarded as needing an economic self-sufficiency of sorts, otherwise it is an economic satellite or colony of some other economic sovereignty. Many of the new nations cannot meet any such basic economic test of nationhood.

One of the colonial compulsions to nationhood is status and to fly its flag proudly today a nation has to have it on one of the staffs at the United Nations building in New York City. Some of the new nations cannot afford the minimum annual lodge fee of \$10,000 to belong to the United Nations. The Maldives Islands are so poor they get their mail through a stamp agency. Rwanda's president has no telephone, so he sends a minister over to neighboring Uganda to learn what's cooking in the rest of the world.

A Time magazine essay on nationhood suggests that federation may be the way to make some of the little nations workable. The aspirations which resulted in nationhood have prevented any success with such a pooling of interests so far, however, the new nations don't want to surrender any of their new sovereignty and independence, no matter how poor they are. And they are dismally poor in many places.

America built its great strength upon the sacrifices of its pioneers. They didn't ask the government for anything; they made the government, not vice versa. But the peoples of the new African nations clamor for a higher standard of living in countries in which government is often the only business.

A serious cancer in the governments of many of the new nations is corruption. Government jobs are not filled by a process of selection on merit; they are purchased. Many of the new nations started off with self-government intentions, but the army soon took over as the only authority in a chaotic situation. (When the army took over in Nigeria it found that the country's finance minister has raised tariffs to protect his own shoe factory.)

Our U.S. Supreme Court has established one-man, one vote as the only just method of apportionment of our representatives in government. The United Nations assembly has the same rule: One nation, one vote.

Thus the mighty Soviet Union and the United States have one vote each and so do the newest little states. Some are so lacking in the traditional essences of nations that they're called "microstates," meaning that they measure up as tiny entities, the millionth part of a state.

Secretary-General U-Thant has suggested that the U.N. might want to reconsider its rules for admissions in light of "the phenomenon of exceptionally small states." Either that or make Bucks County eligible for membership. The U.N. was created to influence the world. It's hard to do that when it speaks with the tongues of men and of mice.

## The Doctor Says:

### Polio Still Plagues

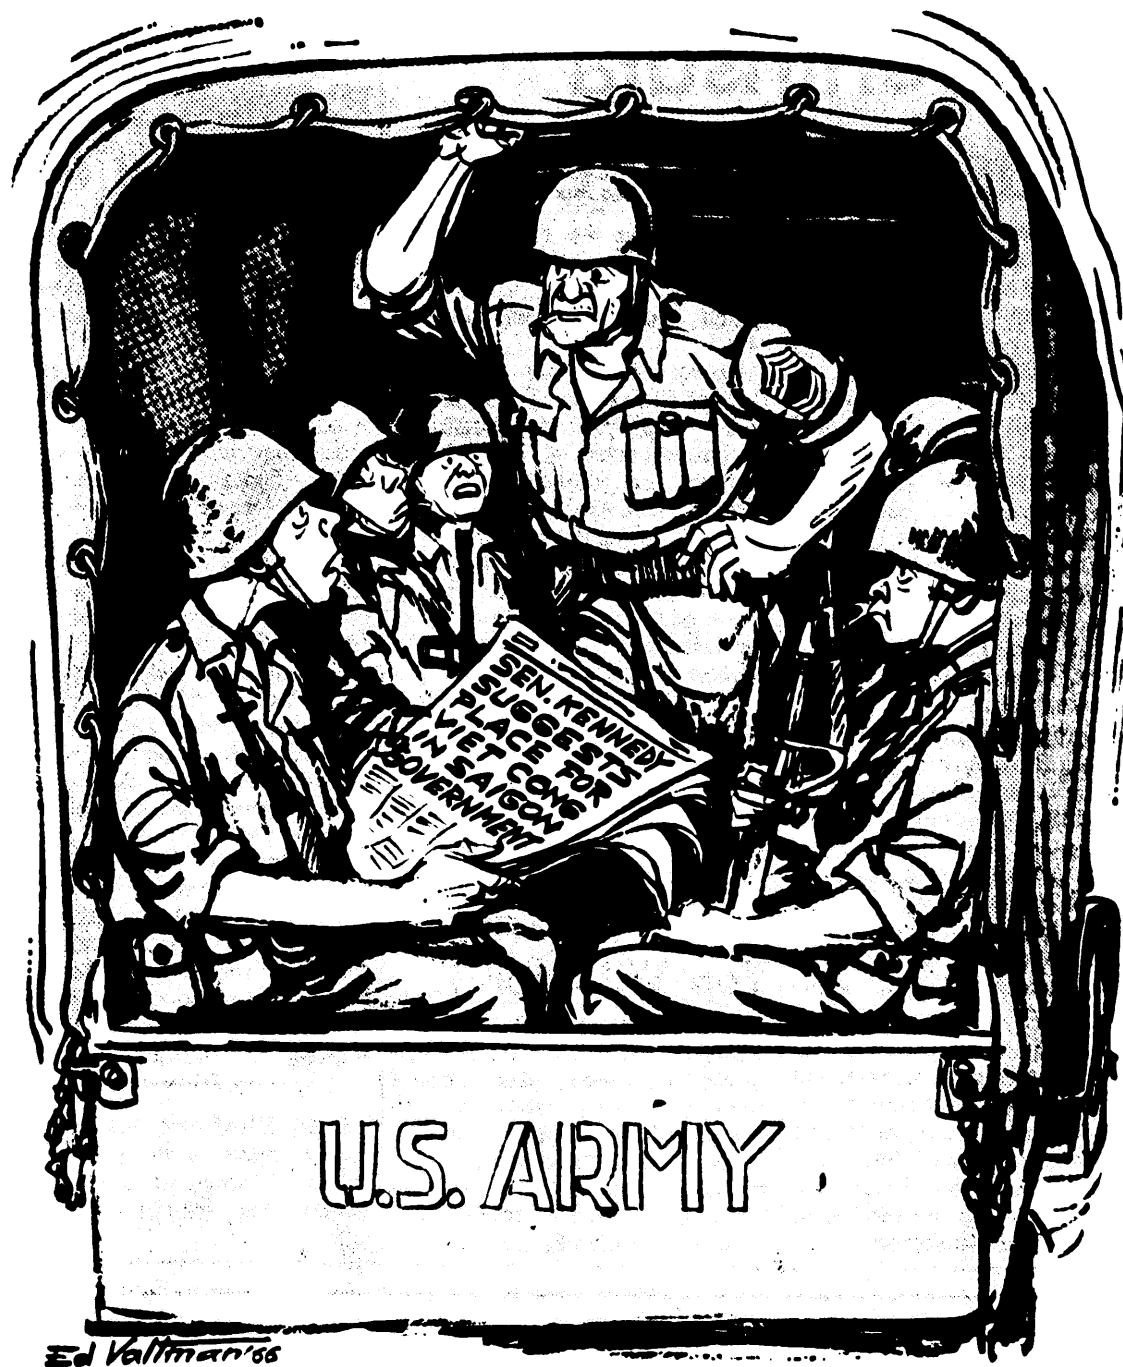

By Dr. Wayne G. Brandstadt

Despite widespread campaigns to vaccinate all children over 9 months old a few cases of poliomyelitis still occur because some parents fail to give their children this protection. When a person gets the polio virus the result may be an inapparent infection, a minor illness, nonparalytic polio or paralytic polio. It is estimated that 95 per cent of all persons infected belong in the first category and that a clinically recognizable attack of polio is a complication of such an infection.

Those who develop a minor or abortive attack will, after an incubation period of six to 20 days, have fever, sore throat, a head cold, vomiting and generalized aching pains. Rarely, however, will one victim have all of these symptoms. This form of the disease subsides in a few days.

Those who have nonparalytic polio, in addition to the symptoms mentioned, develop stiffness of the neck muscles and various signs of irritation of the membranes covering the brain and spinal cord (meninges). Laboratory tests are required to differentiate this form of the disease from other types of meningitis. There is no specific treatment but with good nursing care recovery occurs within two or three weeks.

"Now, Tell Me Again, Sarge,  
We Are Fighting Here to . . ."

## Jap Long-Lining Recalls

### Great Lakes Jugging

By LEE SMITS

A ceremonial visit to the Peterson Bros. fishery near the mouth of River Raisin at Monroe is a spring ceremonial observed for some years by Hy Dahlka and myself. The fishery is busy and our presence causes no let-up in activity. Nobody sits down. We talk fish, standing up. We carry away choice selections of fish, fresh out of cold water.

A particular treat is catfish. A catfish of five pounds and upward, cut into steaks, ranks with the most flavorful of all species, from fresh water or salt.

In a long-ago era when laws protecting fish and game were skimpy, enforcement desultory and public regard for legal restrictions close to zero, "jugging" was a popular method of fishing. It worked especially well for catfish.

There is vivid memory of a line of floating jugs—a dozen, a score, maybe more—drifting with wind and current, attended by a rowboat. To the jug handles were attached lines, with hook and sinker, the hook baited with minnow, worm or with some preferred catfish lure. Leeches were esteemed for catfish. One way to collect the big bloodsuckers was to sink a beef liver, enclosed in a burlap bag, in shallow, stagnant water. Overnight the bag would be covered with leeches.

OLD-TIME inhabitants of the St. Clair Flats utilized small children to garner leeches. The kids waded through muddy backwaters; parents removed leeches from their legs. Unfledged redwing blackbirds were also used as bait on catfish set lines.

"Jugging", on lake, millpond or river, may not have been a sporting method, although it did have a singular interest as the fisherman kept his eyes peeled for a jug to start dipping.

## "Quotes"

Our country should not be asked, and should not ask of itself, to should the main burden of determining the political realities in any other country, and particularly not in one remote from our shores, from our culture, and from the experience of our people.  
—Former diplomat George F. Kennan.

ping. He had to make quick decisions at times when a number of jugs began to bob simultaneously.

A fish linked to a jug was played effectively, without getting too much of a chance to break loose. A big pike would take a jug skittering across the water. A big snapping turtle might drag a jug completely under for a few seconds.

A gigantic version of jugging is now a subject of international discussion and a cause for alarm in the high-priced world of big-game fishing. Japanese fishermen have pioneered in what is called "long-lining." Japanese vessels range from the South Pacific to the Mediterranean.

ACCORDING to the Sports Fishing Institute, Japanese boats have been taking less than half the quantity of fish they hauled in a year or two ago. Off the Pacific coast of South America Japanese boats were delivering three or four fish per boat to the mother ship in 1965 compared with hundreds of fish per boat in 1964.

Sports fishing that brings a rich flow of cash into resort ports in Florida, the Caribbean and the Mexican coast is declining rapidly, all because of the long-line process, says the Sports Fishing Institute. Not only the Japanese, but vessels from Sweden, Norway, Canada and the United States have taken up long-lining, or deep-sea jugging.

GLASS FLOATS, to which baited lines are attached, are turned loose, the floats being connected with a main line at the surface. There is a baited line about every 30 yards, and trains of glass balls extending as much as 10 miles proceed to drift. The catch is processed and canned on the mother ship. A mother ship might handle a fleet of a hundred or more small boats so that in a full-scale operation there would be a thousand miles of baited lines combing the fishing grounds.

It is probable that conferences will be held, agreements negotiated and that long-lining will be abolished, or drastically curtailed. But international agreements are not cooked up overnight. Heavy negotiations will be in order, and they haven't started as yet.

Meanwhile modernized jugs are taking thousands of tons of fish that provide sport for the affluent, keeping millions of dollars in circulation.

By WASHINGTON STAFF  
WASHINGTON — (NEA) — There are some energetic newsmen in Washington who practice what might be called the "inverse syndrome."

If they cannot reach some second echelon official on the telephone, they ask for his boss.

The process was carried to its peak not long ago when a reporter called the White House and asked for assistant press secretary Joseph Laitin.

A woman's voice said: "I'm sorry, but Mr. Laitin is very busy at the moment."

The reporter was not fazed. Said he:

"Okay, then let me talk to the President."

There was a long pause. The next voice was Laitin's:

"Hey, do you really want to talk to the President?"

Mayor John Lindsay of New York ran last fall on a campaign of decency in government. He also promised to keep someone on duty all night at City Hall to take calls from troubled citizens.

The other day, an enterprising news photographer snapped a picture of Lindsay's deputy mayor, Robert Price, on the all-night City Hall watch. He was sound asleep with his feet on the desk.

A Republican wag in New York sent the picture to a friend and attached this joking comment:

"The torch of dedication to decency is on the floor behind his desk, just out of camera range."

Thomas B. Nolan, former director of the Geological Survey and Huntington Cairns, former secretary and general counsel

of the National Gallery of Art, have a lot in common.

To begin with, they live in the same apartment building in Washington and are close friends.

In 1961, Nolan received a Rockefeller Public Service Award. Cairns got one last year.

Nolan was awarded an honorary degree by Scotland's St. Andrew's University in 1962. Cairns, while on vacation, was just notified by the same university that he would be awarded an honorary degree this year.

He promptly wrote Nolan: "Dear Tom: I hope you win the Nobel Prize this year."

Lyn Nofziger, a political reporter in Washington and a notorious maker of puns, has just taken up duty as press secretary to Ronald Reagan, Republican candidate for governor of California.

As he departed for the West, Nofziger was asked whether puns could be expected to turn up in Reagan's speeches.

He replied: "I've already tossed off one which they said could cost the candidate 25,000 votes."

Asked to recall it, he retorted: "You don't expect me to remember them, do you?"

On his way to a fund-raising dinner for the Anti-Defamation League where he was to be the featured speaker, Commerce Secretary John Connor asked: "How much are they charging tonight?"

Informed the price tag was \$250 a plate, Connor mused: "Some of my friends will probably say I'm not worth that much."

## It Happened Ann Landers

### On This Date Even Though You Win Better Cool It Sport

By The Associated Press  
Today is Wednesday, March 16, the 75th day of 1966. There are 290 days left in the year.  
Today's highlight in history: On this date in 1802, Congress established the United States Military Academy at West Point, N.Y.

On this date  
In 1751, James Madison, fourth president of the United States, was born in Virginia.  
In 1908, Florence Nightingale was honored by the City of London.

In 1935, Adolf Hitler broke the Treaty of Versailles and ordered the remilitarization of Germany.

In 1942, Washington officially announced the presence of U.S. troops in Australia.

In 1946, a Senate committee voted to give the president direct control over the production of atomic bombs.

Ten years ago—at least 145 persons died and 20,000 were made homeless in earthquakes in southern Lebanon.

Five years ago—The Senate ratified a treaty making the United States a member of the new 20-nation Organization for Economic Cooperation and Development.

One year ago—The Israeli Parliament voted to accept West Germany's offer to exchange ambassadors. The decision provoked anti-German riots in Arab countries.

I never wrote to an agony column in my life and I would not be writing now except my wife says you are the only person whose word she will take.

Is it adultery if a married man has a few lunches and a couple of dinners during the week with an unmarried woman who works for him?

I want to make it plain that there is no funny stuff going on here. Our lunches and dinners are strictly business. We have never been any place together except to this restaurant which is near the office.

My wife says when a married man escorts a woman who is not his wife it is adultery and that you will back her up. Is she right?—BLACKIE

Dear Blackie: According to the dictionary adultery is defined as sexual intimacy between a married person and one who is not the spouse. If you have never taken this woman anywhere except to a restaurant it is a safe bet that no adultery is involved.

Even though you win (over her on a technicality?) I suggest that you cool it, Sport. A married man who has so many meals with an unmarried girl could eventually get himself involved in the definition.

Dear Ann Landers: You have said repeatedly that you are shocked-out but I bet this problem is one you've never had before.

Our daughter is 14, attractive, popular, a good student, and has everything a girl could ask for, but she still sucks her thumb. I'm sure she doesn't realize I know but I have seen her suck her thumb while she is reading. Frequently when I look in on her at night I find her asleep with her thumb in her mouth.

Should I tell her I know and attempt to shame her out of it?—T.V.V.

Dear T.V.V.: Thumb-sucking is a symptom of emotional insecurity. It is a mistake to try to shame children out of the habit at any age. Making fun of a child will only intensify his insecurity.

Give the girl more attention and more approval. Without realizing it you are probably too critical of her and she feels inadequate and picked on.

Dear Ann Landers: Several months ago my husband met a man who lived in another city

## BARBS

By WALTER C. PARKES

Security is when the first of the month doesn't bring any bills.

Many a fellow who has always paid cash finds he can't get a car loan because he has no credit rating.

If you MUST have one for the road, make it a taxi.

Judging from the rear view, we wonder why the pants some women wear are called "slacks."

The worst thing about some people is that they always point out the worst in others.

# Newcomers Style Show Prelude To Spring In Escanaba

LEADING OFF the children's fashions, left, is Eddie Legault in a blue-green suit featuring two pairs of pants and a reversible vest; set for the Easter parade are Jerry and Tina

Thorsen, Jerry models a red wool poncho coat and a rayon and cotton dress with a detachable collar of navy and white stripe. Tina wears a navy cotton dress trimmed with red and

white braid. All set for sailing is Lari Legault in light blue denim bell bottom pants topped with an overblouse with three quarter length sleeves. Pamela Jane West sails through

customs with this sailor blue laminated coat featuring a double breasted front and white collar. Her matching dress is accented with a touch of green braid at the waist.

## Frank Waitrovich Guest Speaker At Newcomers

Frank Waitrovich, director of the U.P. Child Guidance Clinic, will be the guest speaker at the regular meeting of the Newcomers Club to be held Tuesday, March 15 at 8 p.m. in the St. Stephen's Guild Hall.

Mr. Waitrovich, a psychiatric social worker, received his B.S. degree from Northern Michigan University and his Masters degree in social work from the University of Wisconsin. Before coming to Escanaba, he was employed for three years for the Wisconsin Public Welfare Dept., division for children and youth. He resided one year in Ashland and two years in Green Bay.

He will speak on the purpose of the Child Guidance Clinic which covers Delta, Menominee and Schoolcraft counties and parent-child relations. Slides will also be shown and a discussion session will follow.

Mrs. John Sankovitch will be the bridge instructor and all newcomers in the area are cordially invited to attend.

## Spring Fashion Revue Is Successful Affair

Spring arrived a bit prematurely last evening in Escanaba with the staging of the 13th annual Welcome Wagon Newcomers Fashion Show. Appropriately titled, "Swing Into Spring," the successful affair was held in the Escanaba Area High School Auditorium which was gallily decorated with Spring flowers.

The event was always attractive a capacity attendance.

The attractive models, children and adults, displayed the very latest in children's wear, coats and suits, cottons and casuals, ensembles, afternoon fashions, hard to fit and the ever popular, after five wear. Closing the style show was the traditional bridal party scene, in which Gail Novack was the beautiful bride, Mary Kay Bink and Sally Benson, bridesmaids, Paul Cass, the bridegroom, Tom Anderson and Don Nyquist were groomsmen and Mrs. Geneva Iverson, the mother of the bride.

Mrs. William Feller, president of the Newcomers Club, welcomed the show-goers and descriptive commentary of the show was handled by Mrs. Donald Fitch and Jim Zimmerman. Music was provided by the Dick Steede family. Mrs. Nora Jensen, Welcome Wagon hostess, was presented with a lovely corsage.

Dessert and coffee were served in the commons area of the high school during a 30 minute intermission following the casual wear showings. In keeping with the Spring theme, samples of the latest styles in spring footwear were also on display in the commons.

Cooperating with the Newcomers Club in producing the fashion review were, Doris Shop, Elsie's Apparel, Fair Store, Anderson and Bloom, Gartner's, Fashion City, Jerry's

Sport Shop, Penny's, Leader Store, Montgomery Ward, Mata Brown Shoppe, Morrison Shop, Robert's, Peterson's Shoes, Delta Music Center, Bloomstrom and Peterson, Wickert's, Woolworth's, Vagn's Diner, Siko Trucking, Central Methodist Church, as well as the Escanaba Division of the Mead Corporation.

## Births

# Joseph P. Viau Electrocuted In Tower Accident

Joseph P. Viau, 33-year-old father of three from Flat Rock, was electrocuted Saturday when a television tower cable he was handling came in contact with a power line off a county road north of LaBranch in Menominee County.

He was pronounced dead on arrival at St. Francis Hospital. Viau was part of a crew

working on an experimental 20-foot microwave television tower for Electric Construction Co. of Kirkwood, Mo. State Police of the Stephenson Post said he was working on the ground, catching cables being dropped from the tower, when one of the cables crossed a power line, delivering a fatal charge.

Mr. Viau was born Sept. 19, 1932, in Escanaba and had made his home with his family in Flat Rock for the past five years.

He was employed by Harnischfeger Corp. and was a member of Holy Family Church. During the Korean War, he served with the U.S. Army.

Survivors include his widow, the former Margaret Gardner, and three children, Joseph, Charles and Wendy, at home; three step sisters, Mrs. Norman (Lorraine) LaPalm of Escanaba, Mrs. Joseph (Delores) Vaver of Perronville and Mrs. Vince (Doris) Oberly of Pelsin, Ill.; one sister, Mrs. Walter (Beatrice) Sharkey of Wilson; five brothers, Louis of Danforth, Richard, Rte. 1, Escanaba, Raymond and Phillip of Schaffer, and Edward of Milwaukee, and his parents, Mr. and Mrs. Edward LaFave of Escanaba.

Friends may call at the Alto Funeral Home from 3 to 9:30 p.m. today. Parish prayers will be recited at 8 p.m. Funeral services will be held at the Holy Family Church at 10 a.m. Tuesday with the Rev. Thomas Andary officiating. Military services will be conducted by area military organizations. Burial will be in Holy Cross Cemetery.

## Bike Rider Hurt By Car

Escanaba policemen were busy throughout the weekend investigating a number of traffic accidents, one of which resulted in the injury of a boy riding a bicycle.

Norbert Young, 14, the son of Mr. and Mrs. Levi Young of Escanaba Rte. 1, is reported in fair condition today at St. Francis Hospital. He is allowed visitors.

Police said the boy suffered a compound fracture of the right leg and the hood ornament on an automobile punctured the skin of his back when he was struck by a car driven by William E. Miller, 17, of 1645 S. 16th St.

The accident occurred in the 1200 block N. 21st St., at 8:20 p.m. Saturday. Officers reported that the bike was without lights. The car passed over and wrecked the bike but the boy was tossed to one side by the impact.

Police found that Miller was without blame and no traffic tickets were issued.

Dennis Natzke, Chicago, passenger in a car driven by Gregory W. Rask of Glen, Ill., was slightly hurt in a collision involving a car driven by Wayne L. Madalinski, 29, of Wells. Madalinski was ticketed for turning in front of oncoming traffic and at an earlier hour for speeding. Michael Summers of 513 N. 19th St. suffered face cuts in an accident Saturday night in the 900 block of Sheridan Road. He hit a parked car owned by Ernest J. Briers of Wells.

Other traffic court summonses were issued by police to:

Thomas G. Corbett, 213 N. 14th St., failing to yield the right of way; Fred P. Kosow, 1001 S. 12th St., speeding; Duane F. Proehl, Rapid River Rte. 1, driving on the sidewalk and failing to yield the right of way; Frank A. Rivers, Gladstone Rte. 1, speeding and defective muffler; Richard M. LaCasse, Escanaba Rte. 1, excessive noise; Roy A. Henderson Jr., 1812 N. 18th St., speeding; Leroy J. Hardwick, 309 N. 10th St., expired operator's license and excessive motor noise; and Dennis R. Viau, Escanaba Rte. 1, Bruce F. Flannery, 113 S. 14th St., and Duane H. Edwards, Wells, for speeding.

## Briefly Told

Knight of Columbus Council 640 will meet in the Clubrooms at 8 o'clock tonight.

Mary Beth Tanquay is first runner-up in the queen contest of the Wells Willing Workers 4-H Club.

There will be a regular workshop for members of the Promenader's Square Dance Club, Wednesday, March 16 at 8:30 p.m. in the V.F.W. Hall.

Escanaba Eagles Lodge 1088 will hold a special meeting in the clubrooms Monday, March 14 and Tuesday, March 15 at 8:15 p.m. All members are urged to attend as there is important business to discuss.

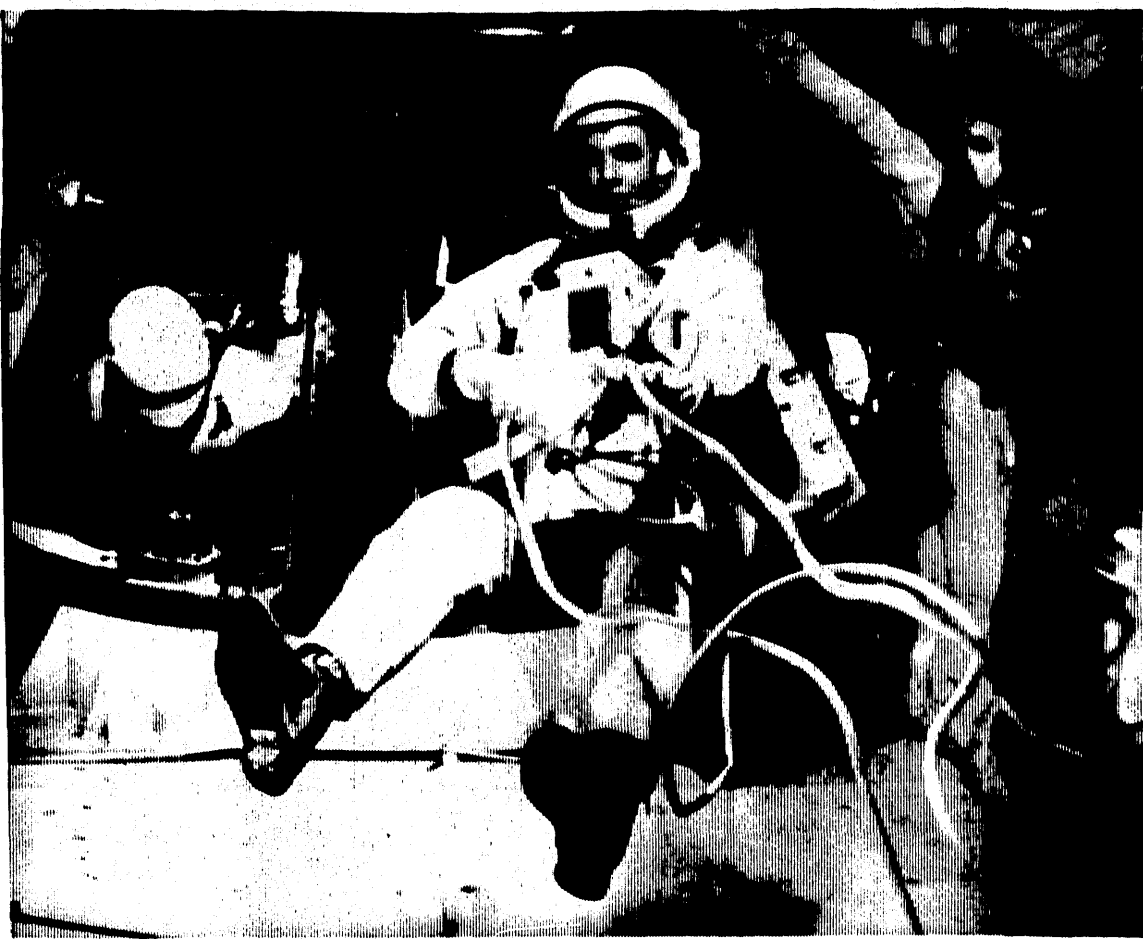

St. Anne's Home and School will meet Tuesday at 8 p.m. in the parish hall. Ray LaPorte will be the guest speaker and his topic will be, "Community Action." Fourth grade room mothers will serve lunch at the close of the meeting.

## Obituary

**ELMA LANTAGNE**  
Funeral services for Mrs. Elma Lantagne were held Monday at 10 a.m. at Holy Family Church in Flat Rock. The Rev. Thomas Andary officiated and burial was in Holy Cross Cemetery. Pallbearers, all grandsons, were Arthur LaMarche, Rodney and Louis Lantagne, Gerald LaFave, Ronald Lantagne and Arnold Levesque.

**BURN BETWEEN MEALS**  
ST. PETERSBURG, Fla. (AP) — A fire—or a false alarm—is likely to burn up the epicures at Fire Station 2 if the gong finds them at table.

Charlie Hobbs and Earl Huff, two of Station 2's crew, are avid amateur chefs and serve everything from snacks to banquets prepared from groceries their comrades buy. All-out meals are served on the stationhouse ping-pong table.

ASTRONAUT DAVID M. Scott, the co-pilot of the Gemini 8 three-day mission scheduled to start Wednesday, practices with a tether line and chest pack—containing an oxygen supply—for his scheduled walk in space while he is weightless aboard an Air Force C-135 plane at Patrick Air Force Base, Florida. The command pilot, Astronaut Neil A. Armstrong, is still in the copy of the Gemini spacecraft. Crewmen brace themselves to keep from floating. (AP Wirephoto)

## State Crashes Kill Nineteen

By The Associated Press

Three Gratiot County residents died in a single smashup and unrelated mishaps within a mile of each other added two more names to the list of Michigan weekend traffic fatalities, which climbed to 19.

The Associated Press tabulation began at 6 p.m. Friday and ended at midnight Sunday.

Leroy Junior Wilson, 31, of Middleton died in the Gratiot County crash near Carson City, which also killed Kenneth Elmer Taylor, 36, of Parrinton and his 33-year-old wife, Joyce.

Deputies said the Taylor car entered M 57 from a county road and was struck by Wilson's auto.

Two one-car crashes occurred within a few hours Sunday morning on Pleasant Lake Road in Sharon Township, Washtenaw County. Both autos left the road and both drivers were killed.

Those victims: Judy Naurock, 24, of Manchester, whose auto rolled over, and Wayne A. Ray, 27, also of Manchester, whose car hit two trees.

## Castro Lashes Out At Peking

MIAMI, Fla. (AP) — Cuban Prime Minister Fidel Castro lashed out furiously against Communist China in a speech in Havana Sunday night. He accused Peking of "launching an imperialist-type campaign against Cuba."

Speaking in loud and animated tones in the broadcast speech, monitored in Miami, Castro said it was humiliating that Peking has not answered his protest about China cutting off rice exports.

The only reply, Castro said, was "in a tone as threatening as Jupiter himself," and "limited to a brief letter of insults." The prime minister shouted: "It is sad and humiliating that in the midst of the battle that our people are waging against imperialism... we have to, at the same time, distract our energies to reply to those whom we considered our sincere allies."

Castro spoke at Havana University ceremonies commemorating a 1957 student attempt to assassinate former President Fulgencio Batista.

## Alphage Harris Of Perronville Dies Saturday

Alphage Harris, 55, of Perronville, who was employed as a trimmer at Mead Corp., died at 12:55 p.m. Saturday at St. Francis Hospital.

Mr. Harris was born April 6, 1910, in Spalding and attended Spalding and Wilson schools. He married Denise Picard on Aug. 10, 1932, in Schaffer.

He was a member of St. Michael's Church of Perronville.

Survivors include his widow; five daughters, Betty Harris of Escanaba, Mrs. Richard Lomprey of Marquette, Mrs. Bert Mott of Wilson, Mrs. Bruce Carlson of Two Rivers, Wis., and Patricia, at home; one son, Gary, at home; his father, Arthur Harris of Powers; four sisters, Sister Imara of Dane, Wis., Mrs. Raymond Gagne and Mrs. Gerald Pilot of Powers and Mrs. Gene Thomas of Milwaukee; three brothers, David and Joseph of Wilson and Stanley of Bay View Location and three grand children.

Friends may call at the Kell-Tondin Chapel at Spalding after 3 p.m. today. Parish rosary will be recited at 9:30 p.m. Funeral services will be held at 11 a.m. Tuesday at St. Michael's Church in Perronville with the Rev. Fr. Raymond Smith officiating. Burial will be in Spalding Township Cemetery.

## Flying Objects Sighted Over Ann Arbor Area

ANN ARBOR (AP) — The Washtenaw County Sheriff's Department was flooded by calls early today from citizens and law enforcement agencies reporting sighting unidentified flying objects over southeastern Lower Michigan.

Sheriff's deputies said Selfridge Air Force Base confirmed sighting the objects, but said the Air Force could not pick them up on radar.

Deputies Buford Bushroe and John Foster reported sighting a red and green object which moved up and down at high speed and stopped in the northwestern sky.

They said shortly after the first sighting, about 4 a.m., the object was joined by a second, similar object and that the two appeared to fly in formation.

Deputies said calls reporting sightings came from Monroe and Livingston sheriff's departments and from Ypsilanti, Dexter and Sylvania, Ohio, police departments.

Deputies then called Selfridge AFB where they said radar men reported being able to see the objects in the sky but were unable to pick them up on radar.

Bushroe and Foster said the two objects were finally joined by two more about 5:30 a.m. and that the four flew off together in a northwesterly direction.

"It was the strangest thing I have ever seen," said Bushroe. Gerald Miller, Washtenaw County Civil Defense director, said an investigation of the sightings had been launched.

## Job Corps Camp Building Ordered

WASHINGTON — A contract has been awarded for construction of a recreation center at the Ojibway Job Corps Conservation Center, Marenisco. The \$53,560 factory-fabricated metal building will be used primarily for recreation.

The construction bid of Bogel Brothers Building Co., Madison, Wis., has been approved by the Office of Economic Opportunity in Washington. Work will begin as soon as weather permits.

## See Recovery For Judy Lynn

ANN ARBOR (AP) — Tiny Judy Lynn Funsch appeared on the way to recovery today, but doctors remained officially cautious on the outcome of her heart surgery.

A University of Michigan Hospital spokesman said the five-year-old was still in fair condition—a term used since Thursday's five-hour operation. However, her parents said earlier that doctors had told them they were elated over Judy's improvement.

"The doctors are quite optimistic," said Clarence Funsch, Judy's father. "In fact, they're turning cartwheels at her progress."

Doctors operated on Judy to remove an obstruction in her pulmonary vein leading from her lungs to her heart.

Doctors said the condition almost certainly would have led to her death within a few years, but that removal of the obstruction may give her a chance to grow up to be a normal adult.

## Teachers Still Out In South

NEW ORLEANS, La. (AP) — Striking teachers pledged to stay out again today in the first Deep South effort to win collective bargaining rights for their union, the American Federation of Teachers, AFL-CIO.

About 450 members of the 1,400-strong Local 527 voted Sunday night to continue their strike indefinitely.

The union, whose membership is 80 per cent Negro, began its strike against the Orleans Parish School Board last Friday and claimed about 700 skipped classes that day.

Ed Fontaine, state president of the AFT, said the union expected more than twice the number of Friday's strikers to join the effort today.

The school board disputed union figures of striking teachers and said less than 500 teachers took part in the first-day walkout. All 124 schools in the system remained open, although the board feared that eight might be forced to close.

Fontaine said the local would continue its strike until the board agrees to an election to determine a single collective bargaining agent for the 3,900 public school teachers in New Orleans.

The present salary scale for teachers with a bachelors degree is 4,225 to start with a maximum of \$6,425.

## Art Brien Wins Speech Contest

IRON MOUNTAIN — Art Brien of Bay de Noc Toastmasters Club in Escanaba was presented with the Gail Markell trophy Saturday after winning an area-wide speech contest sponsored by Vacationland Club of Iron Mountain.

Besides the Escanaba and Iron Mountain clubs, the Speak-Easy Club of Manistique and Paul Bunyan Club of Marquette were represented. Manistique was represented by Charles Varnum.

Members of Bay de Noc Club participating in the program were Fred Fisher and Thomas McDermott, judges, and William L. Miller, deputy area governor.

## Bark River

The Rheame Knauf Legion and Auxiliary will have their birthday party tonight at 8 p.m. in the Community Hall. Slides on "Foreign Relations" will be shown.

## Batman Plans A Theater Invasion

By BOB THOMAS

HOLLYWOOD (AP) — Next for Batman is a caper of his own. He'll try to remove millions of dollars from the moviegoers of America.

Will theater patrons pay to see what they get free twice-weekly on their home screens? William Dozier thinks so, and he is backed by the corporate judgment of 20th Century-Fox.

Dozier is more or less the father of television's "Batman," having masterminded the ad-

vent of the super-camp, caped crusader. The veteran producer confidently predicts Batman will prove successful as a feature film.

"When these things are hot, they are hot in many areas," he reasoned.

So he is proceeding with deliberate speed to produce a wide-screen feature. Lorenzo Semple, who created the original television segments, is writing the script. The television series will end April 6 and production on the feature will begin April 18.

"We'll finish May 20 and begin next year's series on June 13; that will give the actors time to catch their Batbreaths," reported Dozier.

"How do they like the schedule? I've found it to be true that actors like money, especially actors who haven't seen much of it. Certainly Adam West was not exactly earning much before, and Burt Ward, who plays Robin, never made any money from acting."

What is Dozier giving the customers that they can't get on television?

"We'll also give the customers four villains in the film: the Penguin (Burgess Meredith), the Joker (Cesar Romero), the Riddler (Frank Gorshin) and the Cat Woman (Julie Newmar), who will be seen this week on the show."

Dozier is planning ahead for the next television season, during which he expects the show to maintain its ratings.

"We'll have even more fun with the guest stars," said the producer. "An amazing number of really classic actors have volunteered for roles. I'm talking about stars like Maurice Evans, Robert Morley, James Mason, Bette Davis, Gloria Swanson, Raymond Massey, Cyril Ritchard."

Dozier is planning ahead for the next television season, during which he expects the show to maintain its ratings.

## Apathy Slowing Medicare Signup

By RAYMOND J. CROWLEY

WASHINGTON (AP) — For st rangers are riding the hills and volunteers are climbing tenement stairways, carrying tidings of a bargain for America's old folks.

As a result of one of the most intensive information campaigns in history, 80 per cent of 19.1 million eligible persons past 65 have signed up to pay \$3 a month for doctors' bills insurance. The program takes effect July 1.

But — and here's what intrigues officials — about one million senior citizens have said no.

Their refusal is attributed to various causes: lack of information, misunderstanding, a belief that the cost is too heavy, a constitutional dislike for "socialized medicine," the fact that some are covered by insurance paid for by former employers. One big cause may be just plain apathy.

### Deadline Soon

The medicare law stipulates that persons who were 65 or over by last Jan. 1 must sign up for the doctors' bills insurance by March 31 to qualify for the benefits when the program becomes effective July 1. They will not have another chance until October 1967 and may have to pay more than \$3.

Those becoming 65 after Dec. 31, 1965, may sign up for the medical care in a seven-month period beginning three months before the month in which they became 65.

Social Security Administrator Robert M. Ball estimated last Friday that some 85 per cent of those eligible — or about 16.2 million — would sign up by the March 31 deadline.

Ball said the 2.9 million persons who have not responded include an estimated 1.5 million

recipients of Social Security or railroad retirement benefits, some 500,000 persons still working who "do not understand they are eligible for medicare and do not have to retire to get it," 350,000 persons on welfare rolls and 250,000 active or retired federal employees over 65.

Some 17 states have advised they will pay for coverage of persons over 65 on their welfare rolls, but contracts have not yet been signed.

**Patient Pays Part**  
The voluntary medical plan is distinct from the basic medicare plan which covers mostly hospitalization and is available to oldsters as a matter of right, without a sign-up to pay premiums.

Under the medical plan, the covered person pays \$3 a month, and the federal government matches that sum. Covered by the medical plan are: Bills for doctors' services in the home, at his office, in the hospital. It also includes diagnostic X-ray and laboratory services outside the hospital, radium therapy, ambulance services, casts, braces, prosthetic devices, rental of iron lungs and oxygen tents.

The plan does not pay all of these charges, however. An ailing person would pay a \$50 annual deductible on the total of the bills covered by the plan, and would pay 20 per cent of the total charges above the \$50.

**San Juan Fare**  
NEW YORK (UPI) — A \$45 one way New York-San Juan, P. R., fare on late-night and early-morning flights is being offered by Pan American World Airways, which began March 7.

The fare will apply on Pan Am's southbound flight from Kennedy International Airport at 11:59 p. m., and its northbound flight from San Juan at 7:30 a. m., daily.

## Soybeans Now Big Cash Crop

EAST LANSING (AP) — An oriental plant, almost unheard of in Michigan 50 years ago, has become one of the Michigan farmer's biggest cash crops.

And if the state were another 100 or 200 miles farther north, it would have missed out on almost any chance to grow this new best seller.

The crop is soybeans, which rank behind only corn, dry beans and wheat in value in Michigan.

In 30 years, the value of Michigan's soybean crop has grown 3,000 per cent, from \$8,000 to nearly \$24 million.

Michigan State University agriculturalists predict continued expansion of acreage.

John Ferris, an MSU agricultural economist, added there is some concern expansion will not keep up with the fast growing demand. This would help keep the farmer's prices up.

Michigan farmers put a record 436,000 acres in soybeans in 1965, a 25 per cent increase from 1964.

President Johnson is among those encouraging further expansion.

In a recent special message to congress, he proposed a program "to encourage production of soybeans on acreage formerly planted to feed grain."

The proposal was part of Johnson's "worldwide war on hunger. Soybeans, a high-protein food, are made into meat substitutes in some nations.

"More soybean meal is being fed to livestock here and abroad," Ferris said, and "livestock operations are expanding over the long pull."

Soybeans were the United States' top dollar agricultural export last year, bringing in nearly \$900 million. This compares with less than \$150 million in exports of soybeans and soybean products in 1955.

Although soybeans came from the Orient in the 1920s, Japan is now one of this nation's biggest soybean customers.

Nationwide, American farmers produce about three-fourths as many bushels as of wheat. But income from soybeans is higher, because of a higher price per bushel.

The soybeans are crushed, with the oil going into margarine and other food products—such as the soy sauce that goes with Chinese food—and into some nonedible products, too. The meal is fed to livestock or made into flour for cookies and cakes.

Michigan is in the northern limits of profitable soybean production areas. The beans are grown mainly in the southern counties.

What farmers commonly call "good corn soil" produces best soybeans, too.

## Throng Attends Funeral Sunday For Rabbi Adler

DETROIT (AP)—Thousands of mourners attended funeral services Sunday for Rabbi Morris Adler.

The crowd overflowed Shaarey Synagogue in suburban Southfield, where Adler had been Rabbi more than 25 years. A traffic problem became so severe that some mourners had to park cars a mile and a half away.

Rabbi Adler, 59, spiritual leader of a large segment of Detroit Jews and noted scholar of his faith, died Friday of gunshot wounds suffered Feb. 12 in his synagogue at the hands of a disturbed young man. He had been in a coma from brain damage since.

As afternoon sunlight waned, Adler was buried in a walnut casket in Clover Hill Cemetery of Royal Oak.

The widow, Goldie, wept while a cantor chanted in Hebrew, "Behold, he that guardeth Israel will neither slumber nor sleep."

# New Basketball Era Ends For Michigan

ANN ARBOR (AP) — What University of Michigan basketball fans labeled a spectacular "New Era" when it started has come to an end.

The team whose three years of success carried it to two Big Ten championships and to two NCAA playoffs is no more.

Uncanny Cazzie Russell, unstoppable Oliver Darden and other seniors on the Michigan squad wound up their college careers, however, in a loss Saturday night.

They were ousted from the NCAA Midwest regional playoff at Iowa by an 84-77 loss to Kentucky, the nation's top rated team.

Russell, a 6-6 All-America from Chicago, contributed 29 points in Michigan's losing effort. Nineteen came in the second half as the Wolverines bounced back from a 10-point halftime deficit to make the Wildcats fearful. At one point Michigan briefly had a one-point lead.

Pacing the Kentucky attack was Pat Riley, a 6-3 junior from Schenectady, N.Y., who matched Russell's 29 points. All-America Louis Dampier added 15 for the Wildcats.

Kentucky, winners in the mid-east, met No. 2 Duke Friday night in the NCAA semifinals at College Park, Md.

Kentucky, which won its 26th game against one defeat, connected with 54 per cent accuracy from the field, compared with Michigan's 37 per cent.

Russell nearly pulled it out singlehandedly for the Wolverines. He pumpeled in four straight points in a spurt which left Michigan only four behind (42-38) one minute after the second half began.

When U-M's freshman team graduated to the varsity in 1962, Coach Dave Strack and others guardedly predicted that a new day might be at hand. They were right.

The Wolverines copped the Big Ten crown this year and last, largely on the strength of the performance of Russell, twice an All-America and 1966 College Player of the Year.

Michigan last year lost to UCLA in the final contest for the NCAA title. The year before, they placed third behind UCLA and Duke.

Russell led the Big Ten in scoring this season with 465 points in 14 games and an average of 33.2. This year's Wolverines were the highest scoring team in conference history, averaging 95.4 points a game.

FLOWERS THAT BLOOM — Richmond Flowers Jr. has proved himself one of the better hurrlders in the United States, ranking at the top with Willie Davenport. Flowers is a freshman at the University of Tennessee.

## World Boxing Group Sets Up Title Bout For Terrell-Folley

NEW ORLEANS, La. (AP) — Cassius Clay, whose flitting fists and stinging tongue won him the world heavyweight boxing crown and later the disfavor of the World Boxing Association, has been counted out of the WBA rankings.

The WBA Executive Committee scratched Clay as No. 1 heavyweight contender Sunday and replaced him with Zora Folley, who agreed to fight for the title here May 16.

The World Boxing Association, which really doesn't cover all of the world, previously had stripped Clay of his title and had recognized Ernie Terrell as the champion. Folley had been rated second in the list of challengers.

Promoter Lou Messina of New Orleans said Folley had accepted an offer to fight Terrell for the title in City Park Stadium.

The match would be recognized as a world heavyweight championship fight, the WBA Executive Committee said.

Jim Deskin of Las Vegas, Nev., quoted Terrell as being "ready, willing and able to meet any suitable opponent that the WBA suggested."

## Big Eight Is Track Power Second Year

DETROIT (AP) — The Big Eight reigned today as the dominant power on the American indoor college track scene and appeared likely to continue on top in the near future.

For the second straight year, a Big Eight entry captured the team title in last weekend's National Collegiate Indoor Track Championships. In 1965 it was Missouri, this year it was Kansas.

Both won the crown with 14 points, and this year Jayhawk freshmen won two of three individual events outside the NCAA competition.

Close on Kansas' heels this time came a West Coast entry, Southern California, with 13 points.

Big Eight schools won four individual NCAA events, while Far West entries took five. The other six championships went to the East and Midwest.

Jayhawk freshman Jim Ryun won the invitational mile 4:03.3 and frosh Bob Steinhoff the invitational pole vault with a lead of 15-6.

Clay and Terrell had been scheduled to fight later this month in Chicago but the match was moved to one city after another when the Louisville Lip's comments on being drafted and the Viet Nam war resided the ears of patriotic officialdom.

Terrell finally backed out of the fight, voicing dissatisfaction with contract terms.

When Clay and George Chuvalo agreed to meet in a title fight March 29 in Toronto, the WBA refused its sanction.

One reason given is that Terrell is the WBA champion — the whole point of the Clay-Terrell bout had been to give the world one heavyweight champ. Clay is recognized as champion in many parts of the world.

Also, the WBA said it did not feel that Chuvalo, who has lost two of his last three fights, was a suitable opponent for a title match.

The WBA urged an investigation of the Ontario Athletic Commission for its actions concerning the Clay-Chuvalo-Terrell matter.

# Celts Need Help From Baltimore In Cage Stretch

BOSTON (AP) — The Boston Celtics counted upon promised help from Baltimore today as the National Basketball Association's regular campaign entered its final week.

The Celtics, bidding for a 10th straight Eastern Division title and an eighth consecutive NBA championship, looked for outside help with a little disappointing Sunday, after cllobbering the Baltimore Bullets 129-96 at the Boston Garden.

The victory enabled the Celtics to remain one game behind

the Philadelphia 76ers, who rallied to edge the New York Knicks 115-113. Boston and Philadelphia each have three games left.

"We'll win our three against Detroit, New York and Cincinnati," Boston Coach Red Auerbach said. "And I'm going to go out on the limb and predict that Baltimore, at home, will beat the 76ers in their final game next Sunday."

Coach Paul Seymour of the Bullets gave the Celtics a vote of confidence, promising that his team will beat Philadelphia.

"I'm not interested in how Boston or Philadelphia fairs," Seymour said. "We're in a struggle with St. Louis for second place in the Western Division and couldn't care less at this point about the East. However, I'll say one thing — we'll win that game with the 76ers next Sunday."

## Phil Regains Golf Formula

MIAMI, Fla. (AP) — Phil Rodgers started playing it loose and easy, and rediscovered the combination to golf's big cash.

"In seven tournaments during the past year I led at some stage in the last round," the pudgy pro from La Jolla, Calif., said today as he moved from the \$20,000 first prize in the Doral Open here to a shot at the \$100,000 Citrus Open at Orlando.

"I was getting to feel that I was jinxed or something. Then I loosened up on it. I began hitting the ball 15 yards farther. Things started going better."

Rodgers, 27, a wise-cracking Yogi Berra of the fairways, ended a three-year slump Sunday when he beat out a pair of stubborn outsiders, Kermit Zarley of Yakima, Wash., and Jay Dolan of Leicester, Mass., for his first tournament triumph since 1963.

The clinching shot was a 40-foot birdie putt on the 71st hole. Zarley bogeyed the hole from a trap and missed an eight-foot die putt on the final hole that would have given him a tie.

Dolan, leader after three rounds, took four consecutive bogeys in one stretch and rallied to tie for second place.

Rodgers finished with a 70 for 278, 10 under par. Zarley and Dolan had 279. Arnold Palmer tied at 281 for fourth with Ray Floyd, Jack McGowan, Frank Beard and Johnny Pott. Jack Nicklaus shot 283.

## Former Athlete Suffers Attack

BALTIMORE (AP) — Funeral services will be held here Tuesday for Keith Molesworth, former National Football League quarterback and major league baseball infielder.

Molesworth died of a heart attack Saturday at the age of 60.

At the time of his death, Molesworth was player personnel director for the Baltimore Colts of the NFL and was credited with spotting much of the young talent developed by the Colts.

A 12-letter man at Monmouth College of Illinois, he weighed only 156 pounds in 1931 when he reported to Coach George Halas of the Chicago Bears.

But Molesworth had played three years of football, basketball and track. He became the Bears' quarterback and was field general for Halas when Chicago won the NFL title in 1933.

In 1934 he began a professional baseball career as a shortstop with the Baltimore Orioles of the International League.

Professional sports as a player ceased in 1938, when he became a backfield coach at Navy. Other coaching assignments included minor league football for Richmond and Hawaii and a job with the Pittsburgh Steelers before he joined the Colts as head coach in 1953, the year they joined the NFL.

# Sluggers Find Range With Homer Flurry

By HAL BOCK  
Associated Press Sports Writer

Baseball's sluggers are beginning to find the range. Willie Mays hit his first home run of the spring Sunday. So did Boog Powell. And so did Choo Choo Coleman.

Choo Choo Coleman? Mays and Powell are acknowledged sluggers. Choo Choo Coleman is a New York Met. Or, at least he'd like to be a New York Met.

Choo Choo Coleman was a New York Met four years ago when the whole legend of baseball's best losers began. In fact, he played an important role in starting the Met saga. It was Choo Choo Coleman who hit the first New York Met home run and drove in the first New York Met runs way back in 1962.

It happened in a spring training game against the St. Louis Cardinals at St. Petersburg, Fla., and Sunday Coleman duplicated the feat as the Mets blanked the Cards 3-0.

"It was a Ruthian clout," enthused Wes Westrum, the only undefeated manager in Met history.

Westrum was giving Choo Choo the benefit of the doubt but he could afford to be generous after two straight exhibition victories.

"It's great to be with a winner," grinned Casey Stengel's successor.

Coleman is not on the Mets' roster but he's working out with New York and could win a job on the thin catching staff. There's nothing he'd like better. The last time he was in the National League the Mets were still playing their home games in the Polo Grounds.

Jack Fisher, Ron Nischwitz and Larry Bearman combined for the seven-hit shutout.

Mays, who led the major leagues with 52 homers last year, whipped a 400-foot shot off Cleveland's Lee Stange as the Giants downed the Indians 6-2.

San Francisco picked up four unearned runs in the first inning against Indian ace Sam McDowell.

ell, who labored through two innings, throwing 56 pitches.

Powell, one of Baltimore's power men, slugged a two-run homer that helped the Orioles trim the New York Yankees 4-3.

Baltimore got the winning run in the ninth inning on a triple by rookie Mike Epstein and catcher Camilo Carreon's single. Carreon was acquired by the Orioles from Cleveland Thursday.

In other games, the Chicago White Sox nipped Cincinnati 1-0; Houston won its fourth straight,

downing Washington 4-3; Minnesota dropped its fourth straight, 2-1 to Detroit; Kansas City whipped Boston 8-4; the California Angels turned back the Chicago Cubs 3-2, and Pittsburgh beat Philadelphia 6-2.

The Braves and Dodgers were rained out at Vero Beach, Fla.

# Johnny Longden Bids Dramatic Racing Farewell

By The Associated Press

It had to be the most dramatic farewell in sports since Ted Williams crashed a home run in his last time at bat.

Johnny Longden, the 59-year-old grandfather who started riding when Babe Ruth and Bill Tilden and Bobby Jones were household names, was up on George Royal for his farewell appearance in the San Juan Capistrano Handicap at Santa Anita.

He'd already won once on this last racing day of his career, a career that stretches back to 1927, the year Charles Lindbergh flew the Atlantic and Al Jolson made "The Jazz Singer."

George Royal was away slowly in the \$125,000 race Saturday and was dead last the first time past the grandstand. But Longden had things in hand, moved up in time and came whipping and driving over the last 70 yards to win it by a nose.

A mighty cry went up from the crowd of 60,792 when George Royal's number went up on the board after the stewards had studied pictures of the finish.

The pandemonium increased

as old Johnny took the 5-year-old Canadian-bred into the winners circle, the 6,032nd time he'd brought home a winner.

"It made me feel I'd done a good job," was Longden's only comment.

He'd won earlier in the day on Chicero. Moments after that victory, a sign appeared on the bulletin board in the jockey's room.

"John, you are only 969 races from 7,000. Do you really think you'll quit?"

"He'd better," answered Mrs. Longden.

"I know who wrote it," Longden said. "Bill Shoemaker."

Shoemaker is closest to Longden's record winning total, and is the man Johnny says will eventually pass it.

Longden's heroics overshadowed the other major races on Saturday's card, and the opening of Aqueduct in New York today.

Ogden Phipps' impressive, winner of the Pimlico Handicap Feb. 26, is favored in the \$25,000 Swift Stakes that features the start at Aqueduct today of New York's long 243-day season.

## Flint Kegler Paces Tourney

KALAMAZOO (AP) — Jeanette Robinson of Flint, president of the Women's Professional Bowlers Association, took the actual all-events lead with a 1,750 score on the third weekend of the Michigan state women's championships.

Miss Robinson also helped her Yankee Stores team of Flint take the lead in the actual teams with 2,535.

Beverly Reinhart of Dearborn Heights rolled the tournament's high single game, a 264 actual and 293 with handicap.

Betty Dillaway of Ann Arbor assumed the handicap singles lead with 687.

Does Dames of Detroit rolled into first place in handicap teams with 2,931.

# Are you paying more than 11½¢ a gallon for your residential heating oil?

# If you are, you're paying too much to heat your home.

If you are now using natural Gas (or plan to) for cooking, water heating, clothes drying or Gaslights, and your use is equal to that of our average residential customer, you can get your Gas for heating under our special service rate at a cost equivalent to fuel oil priced at just 11½¢ a gallon. And the nice thing about our Gas rates is that

the more you use, the less it costs per unit. That's a bargain in anybody's book. (Can't pay for the cost of conversion right now? Here's good news: Whether you convert your present furnace, or even install a new Gas furnace, Michigan Consolidated will pay for it and its installation by a qualified heating contractor. And it won't

cost you a penny until October 1, 1966!) So why not make your present oil furnace more economical this winter? Have it converted to economical natural Gas. Then you can start putting your money in the bank for a change. Instead of in your furnace. For full details, call us or your heating contractor today.

## Anglers Run String To 23 Straight Wins

By RAY CRANDALL  
(Press Sports Editor)

MARQUETTE—The Upper Peninsula's longest victory string was stretched into a Class D regional championship at the Northern Michigan University fieldhouse here Saturday night when the Trout Creek Anglers edged past defending champion Negaunee St. Paul, 61-57, in the finals.

Coach Bruce Warren's club made it 23 straight by the skin of its teeth. The only team to fashion a perfect regular season record almost saw the whole campaign go down the drain in the closing seconds of the finale before a capacity crowd of delirious fans.

After digging themselves out of an early hole in which they trailed by 14-7, the Anglers charged ahead in the closing minutes of the third period to lead by a 49-45 margin entering the home stretch.

To the dismay of the armchair quarterbacks, the Anglers elected to go into a stall with a three point lead, 53-50, with 3:40 remaining in the game.

Coach Gordy LeDuc's St.

Paul Emeralds pecked away at the deficit to tie the score at 55-55 with a minute to go. Trout Creek regained the lead on a pair of free throws by Dan Pertulla and Don Besonen connected on his lone field goal of the game to make it 59-55.

But the Royals came back again on George Torreano's field goal with 15 seconds to go, cutting the margin to 59-57. Pertulla then pulled the Anglers out of reach by repeating with a pair of free throws with 10 seconds left to give the Porcupine Mountains Conference champs their 23rd straight victory and revenge over the team that beat them in the regional finals last season by a 47-44 margin.

The last time Trout Creek captured a regional crown was in 1958 when the school competed in Class E.

Pertulla, a diminutive guard, was a major factor in the decision over St. Paul. His four straight free throws on 1-and-1 situations in the final minute kept St. Paul from snatching the lead. In all, he canned six of seven from the line and had three field goals for 13 points.

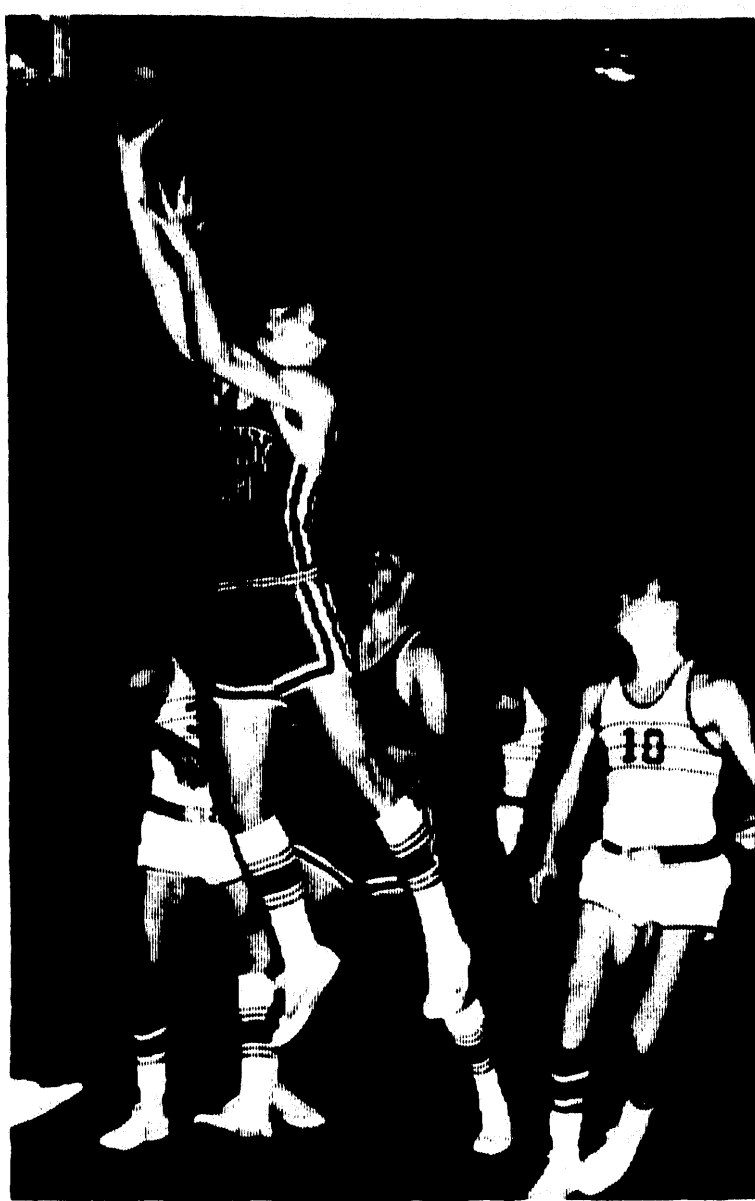

The Anglers won it from the charity line as both teams scored 23 shots from the field. Trout Creek had 23 free throw chances and made good on 15. The St. Paul players were perfect from the gift line, hitting 11 straight, but they didn't have enough chances.

The big gun for the Anglers was 6 foot 4 inch Bob Gale, one of the most efficient point producers in U.P. basketball history. The lanky veteran fired in 13 of 24 shots from the field and added four of eight from the lane for 30 points. That jumped his season total to 752.

George Torreano was a standout in defeat, pacing the Emeralds with 20 points. Ray Jandron hit on six of eight field goal attempts and was five for five from the line to contribute 17 St. Paul tallies while Pete Meli tossed in 16. The setback gave Negaunee a final 15-7 record for the campaign.

## Hull Snaps Own Scoring Record With 52nd Goal

CHICAGO (AP) — Bobby Hull sat in front of his locker last night after scoring his 52nd goal Sunday night, cracked his million-dollar smile and said, "Where is everybody?"

Although the Golden Jet had broken his own record of 51 goals which he set Saturday night, the Chicago Black Hawks dressing room appeared empty. Unlike when he tied the National Hockey League record of 50 goals and again when he scored No. 51 against the New York Rangers, there were no television cameras, no announcers begging for tapes and no photographers.

The weary Jolden Jet appreciated the relative solitude. His only comment concerned the Hawks' chances of winning the league championship—strengthened when they smashed Toronto 5-1 with a four-goal barrage in the final period while Montreal dropped a 3-2 decision to the New York Rangers. The Hawks are one point behind league-leading Montreal, which has the advantage of nine games remaining to eight for Chicago.

"I'd have to say we must win our last eight games," said Hull. "Then I think we could wrap it up. We cannot depend on anyone else, but the Rangers sure gave us a big boost with their win tonight." He ignored a question of how many goals he'll score by the end of the season.

Hawk Coach Billy Reay, however, stood by a previous prediction that Hull will get 58 and said Toronto could be the key to Chicago's chances of finishing first.

"Montreal has three games with Toronto," said Reay, "and a lot depends on what happens in these three games. Our victory tonight put us six points ahead of Toronto so we can afford to pull for them for a while."

The Detroit Red Wings snapped an eight-game winless streak and mathematically clinched a Stanley Cup playoff berth by whipping Boston 8-4 in Sunday night's other game.

## Boddy's Cagers Bow To Hornets In 'C' Windup

MARQUETTE — The L'Anse Hornets parlayed a fast break attack and a superb rebounding performance by 6 foot 4 inch junior Gerry Gerard into a surprise 79-69 victory over Marquette Bishop Baraga in the championship game of the Upper Peninsula Class C tournament at the Northern Michigan University fieldhouse Saturday night.

Coach Bill Popp's Hornets, runnerup in the Copper Country Conference this season, wiped out an eight point deficit midway in the second period and took command with a flurry of solo buckets in the third quarter.

Gerard began to pluck a steady stream of rebounds off the Marquette Baraga board in the second half. Speedy Dean Kent and Ron Swartz raced for daylight to grab long lead passes and score unchallenged layups.

The Hornets picked up 14 points on seven fast break buckets in the second half, missing only one opportunity.

Meanwhile Gerard was having a ball under the basket, firing in 12 of 21 field goal attempts. He added 8 of 13 free throws to score 32 points.

As a team, L'Anse displayed deadly shooting from the field by connecting on 33 of 63 shots for 52 per cent. The Hornets made 13 of 23 from the foul line.

Coach Fred Boddy's Royals, who had staged a tremendous rally to catch Wakefield in the semifinals, had to rally again early in the game against L'Anse. Baraga trailed by a 6-1 margin before coming alive to take a 20-15 lead at the end of the first period.

L'Anse scored the final three points of the second quarter on free throws to narrow the gap to 35-31 at intermission.

Midway through the third quarter the Hornets had pulled out in front, 43-39, and they made it 53-48 entering the fourth frame. The Hornets won going away by outscoring the Royals 26-21 in a torrid final period. At one stage late in the game L'Anse had a 15 point lead, 77-62.

Jim Connors topped the Baraga attack with 22 points with three teammates also reaching double figures. Star guard Bruce Pesola had a tough night, getting only three field goals on 14 shots and adding one free throw for seven points.

The Royals were cold as a team, hitting 29 of 79 from the floor and 11 of 19 from the foul line.

## Kentucky Beats Wolverines For Semifinal Berth

By BOB GREEN  
Associated Press Sports Writer

It was supposed to be a building year at Kentucky.

They really didn't have much, coming off a 15-10 season, their poorest in many years. They were short on experience and hurting for height.

So they go into the semifinals of the NCAA national basketball championship with the nation's No. 1 ranking, the favorites' role and an unparalleled history of success.

"Nobody could have foreseen this," said Coach Adolph Rupp. "You could only dream about it."

"Naturally, we would have liked to have ended up undefeated, but 26-1 is a simply unbelievable record when you stop to think about it."

The Wildcats earned their spot in the NCAA semifinals at College Park, Md., this weekend when they turned back Big Ten champion Michigan 84-77 in the Midwest regional finals at Iowa City, Iowa, Saturday.

They'll next go against powerful Duke, ranked second in the nation and possessor of a 25-3 record, in one semifinal. The other matches Texas Western, No. 3 in the country and 26-1, against unranked Utah, 20-6.

Duke blew a 16-point lead but came back to take Syracuse 91-81 in the Eastern regional finals at Raleigh, N.C., Texas Western just edged Kansas 81-80 in double overtime at Lubbock, Tex., and Utah subdued Oregon State 70-74 at Los Angeles.

A crowd estimated at 20,000 by airport officials greeted Rupp's Runts when the Kentucky squad returned to Lexington, Ky., Sunday, then paraded the team through town.

"A great tribute to a great bunch of boys," said Rupp, who has called this the best of all his teams. That covers a lot of ground, since the Baron has

coached four NCAA champions, a record.

Rupp gave his team a day off today — "they're more beat up than any football team" — but will go back to work Tuesday in preparation for Duke.

"Duke is a good team," the old Baron said, "a formidable opponent."

Duke Coach Vic Bubas agrees. "I think we can win the championships," Bubas said. "We've got enough board power, enough speed and good outside shooting."

While Kentucky's injuries were mostly bumps and bruises, Utah has more serious worries. Starter Lyndon MacKay pulled a knee tendon in the regional title game against Oregon State and is a doubtful starter. Utah lost George Fisher two weeks ago with a broken leg.

Kansas Coach Ted Owens still was fuming about the officiating in his losing effort against Texas Western, but admitted that he "would have to label Texas Western one of the best ball clubs around if you get a loosely called game."

His chief complaint was a call on Jo Jo White with one second left in the first overtime. White had just dropped in a 25-footer for the apparent winner, but an official ruled White had stepped out of bounds. The game went to a second overtime and TWC took it.

In other major weekend action, Villanova eliminated St. John's, N.Y., 63-61, Boston College upset Louisville 96-90 in three overtimes, Army upended Manhattan 71-66 and San Francisco whipped Penn State 89-77 in first-round games of the National Invitation Tourney in New York.

Oklahoma Baptist won the NAIA title at Kansas City by beating Georgia Southern 88-56.

## Injuries Plague Detroit Players

LAKELAND, Fla. — Injury is a sudden early companion for the Detroit Tigers in their spring drills.

But two straight well-pitched exhibition game victories help to offset some of the concern.

The Tigers lost slugging Willie Horton on a turned ankle Sunday as they were trimming the American League champion Minnesota Twins 2-1 at Orlando on a slippery field.

On Saturday, as they were beating the Twins in the exhibition opener 4-2, Norm Cash was hit in the head by a pitched ball and left the game.

Manager Charlie Dressen put Don Demeter at first base in place of Cash Sunday.

The Tigers played host here today to the California Angels, hoping for another strong pitching performance.

The Twins, defeated on 10 well spaced hits Saturday, managed only seven Sunday in being shut out over the last eight innings by Hank Aguirre, Larry Sherry and Mickey Lolich.

Lolich, working the last three frames, came out the winner when Jake Wood ran home from

third base with the deciding run in the ninth on a bases-full wild pitch by rookie Bill Whitby.

Minnesota, losing its fourth straight game, got its only run off Aguirre in the first on two singles and an infield out.

Rain soaked the field before the game and Horton suffered his injury when he slipped in trying to get back to second base on an attempt to pick him off.

Catcher Orlando McFarlane got Detroit's first run home on a sacrifice fly in the fourth after Demeter had singled and reached third on a walk and an infield out.

For their two games the Tigers have looked impressive on the mound.

Bill Monbouquette pitched three scoreless innings Saturday and so did Orlando Pena. Minnesota got its two runs off Denby McLain.

The San Francisco Giants capitalized on the ninth place Houston Astros during the recent National League season. The Giants took 15 of 18 decisions.

## Hematites Nip Devils

MARQUETTE — The Ishpeming Hematites survived a severe case of tournament tension in the closing minutes of the Upper Peninsula Class B regional tournament finals to edge Ironwood, 58-54.

An all-time Northern Michigan University fieldhouse crowd of 6,312 paid attendance watched in stunned surprise as Coach Duane Phillips' Great Lakes Conference champs almost blew it in the stretch.

The Hematites had built up a solid 56-43 lead with four minutes to go in the bruising battle. It looked like the only thing left for the Hematites to do was accept the championship trophy from George Weingartner, chairman of the Upper Peninsula Athletic Committee.

But Ironwood had other plans and the rugged Red Devils all but executed them with a furious rally.

Big Guy Kangas drew three fouls and connected on five free throws while Louie Vlasich hit a pair of gift shots and Art Pertile and Marty Murto canned field goals as the Red Devils scored 11 straight points to narrow the deficit to two — 56-64 — with 17 seconds to go.

Ishpeming put a stop to the surge, however, when Bill Parkkonen stepped to the line and hit both ends of a 1-and-1 with six seconds showing on the clock to put the Hematites out of reach.

The U.P. crown was the 14th in Ishpeming's illustrious basketball history, but the first since 1952. The Hematites will carry an 18-3 record into Wednesday night's downstate quarterfinal game against Belding.

Ishpeming's margin of victory came from the free throw line where the Hematites cashed in on 18 of 25 opportunities. The teams were all even from the field with 20 goals apiece. Ironwood hit on 14 of 26 free throw attempts.

Bill Kluhke, Ishpeming's hustling junior guard, led four Hematites in double scoring figures with 13 points. Parkkonen tossed in 12 and Alan Ameen and Al Morrison 11 each. Morrison tossed in seven of eight from the free throw line.

The Hematites took only 39 shots in the game but connected on 20 for a hot 51 per cent. Ironwood made only 20 of 68 for 29 per cent and the teams were evenly matched in the rebound department with 43 caroms each.

Individual scoring honors went to Ironwood's Guy Kangas who tallied 14.

## Favored Teams Fall In Regional Finals

By BERNIE KENNEDY  
Associated Press Sports Writer

What started out to be a fairly ho-hum Michigan High School Basketball Tournament suddenly has emerged as one of the most interesting in years.

As usual there were upsets in the district phase, and a few along the way in the first few days of the regionals.

But seven rated teams were surprised in Saturday's regional finals, putting an entirely new light on the race for state titles which will be decided next Saturday.

The thing that adds most interest to the final week of action is the showing thus far of "unknown" teams—those almost completely overlooked in regular season ratings.

Teams like Grand Rapids East Christian (14-0) which blew a 12-point lead, dropped two points behind and then rallied

to nip Grand Rapids South Christian, 71-61, for the Class B regional title at Grand Rapids.

The loss was the first in 23 games for South Christian, which had been rated as the top B team in the state.

Or Scottville, overlooked despite just two regular season losses, which edged Mount Pleasant Sacred Heart (No. 4), 49-48, when a last-seconds effort for a winning basket went awry. Scottville enters a Class C quarterfinal game against Saginaw Peter & Paul with a 21-2 mark.

And how about Detroit Visitation? Ranked 10th in the final poll, it won a Class C regional crown by dumping Wyandotte St. Patrick, Grosse Pointe St. Paul (No. 9), last year's runnerup, and then Detroit St. Hedwigg (No. 2), 89-52.

South Haven, second in the Class B poll and runnerup to

River Rouge in last year's tourney, couldn't cope with Allegan (No. 6) and fell, 61-52.

Saginaw SS, Peter & Paul advanced by upending the state's top-rated Class C team, Frankenmuth, 61-57, taking a four-point lead early in the fourth period and holding on.

L'Anse won its first Upper Peninsula championship in 21 years as Gerry Gerard scored 32 points in a 79-69 victory over Marquette Baraga (No. 5) in another Class C game.

Ron Reid scored 42 points and led Flint St. Mary to an 82-69 triumph over Ruth SS. Peter & Paul, and Bob Gale pitched in 30 to spark Trout Creek to a 61-57 decision over Negaunee St. Paul in a pair of Class D headliners.

Both join defending champion Covert in the Class D field which, from a combined record standpoint, is the roughest in the tourney.

Covert and Trout Creek are unbeaten, while Ellsworth and Freesoil each have lost but once.

Matching Covert stride for stride as a defending champion is perennial Class B titlist River Rouge.

Following a close call Friday night, the Panthers had their hands full with Willow Run Saturday, but held on for a 61-57 victory after a six-point spurt early in the fourth quarter.

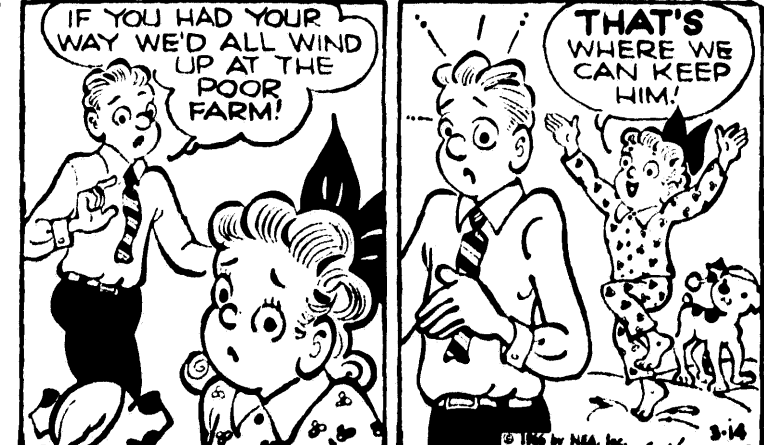

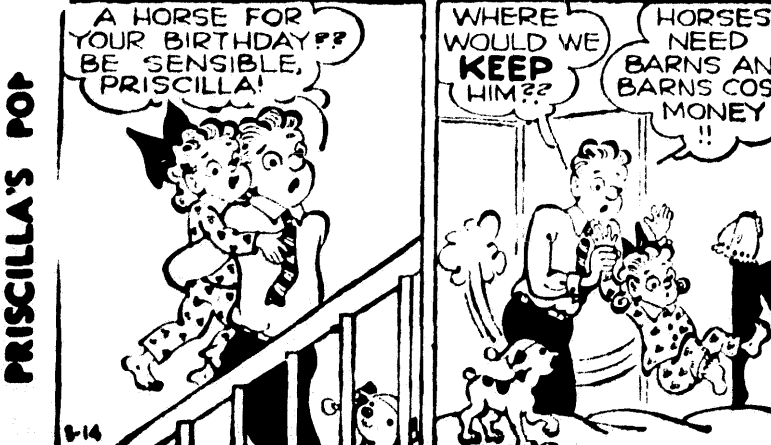

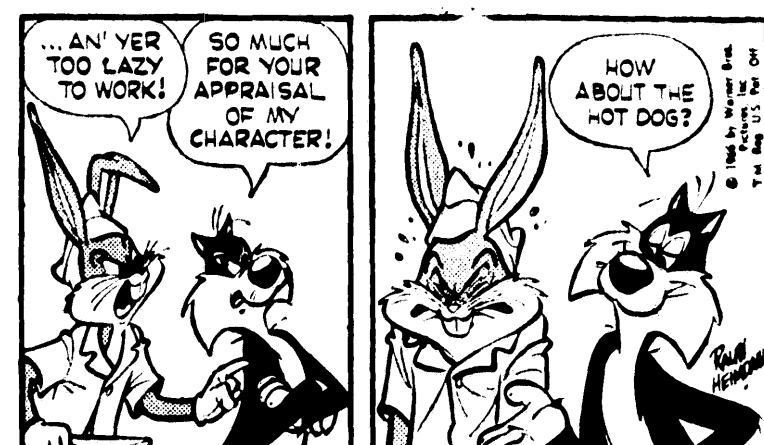

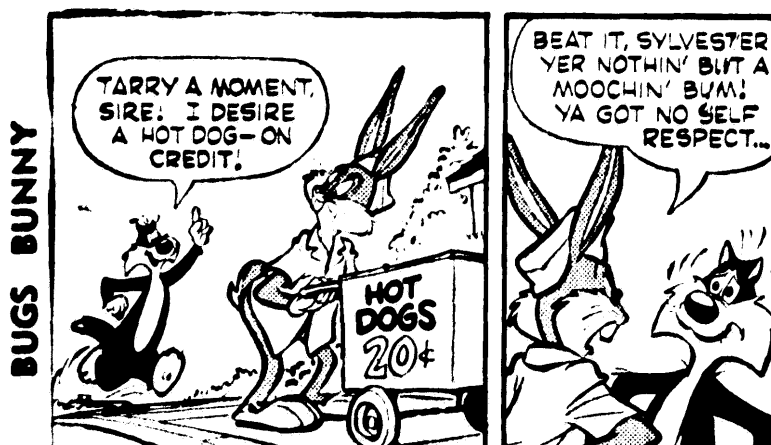

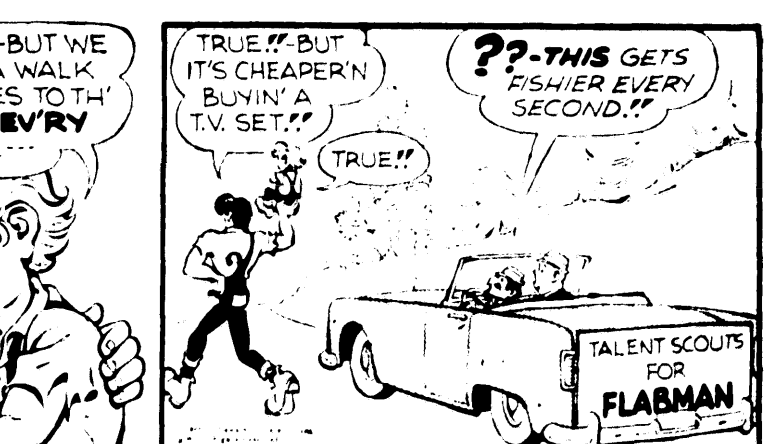

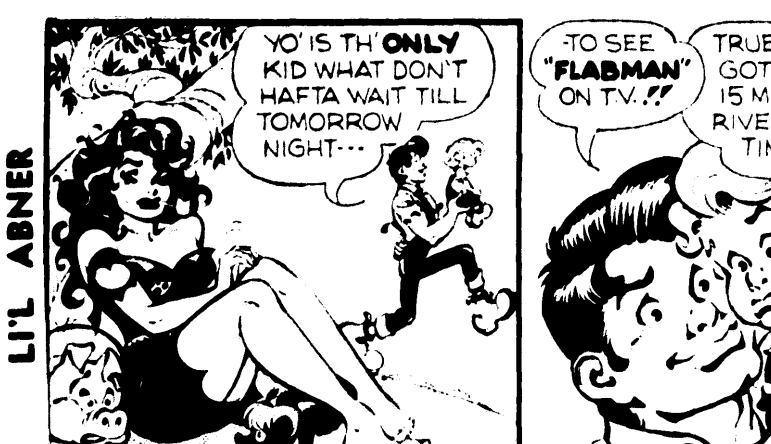

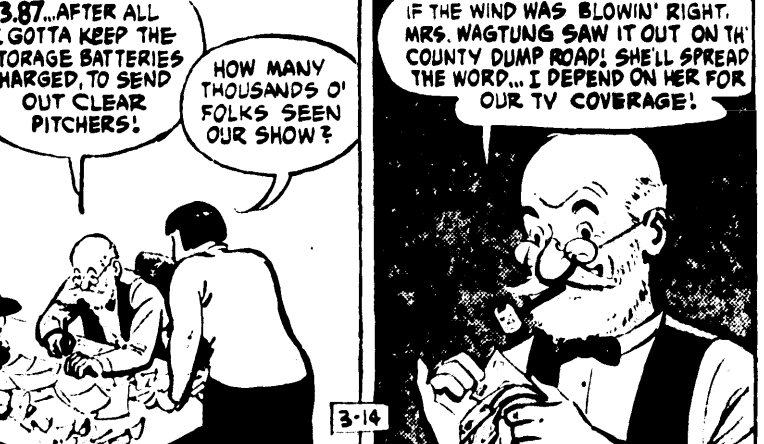

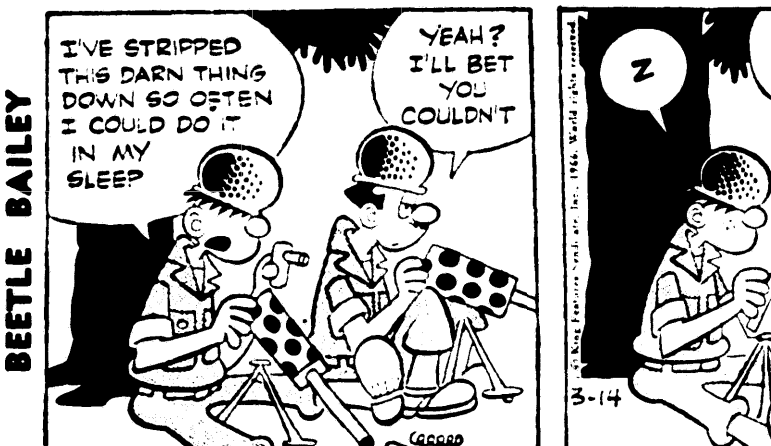

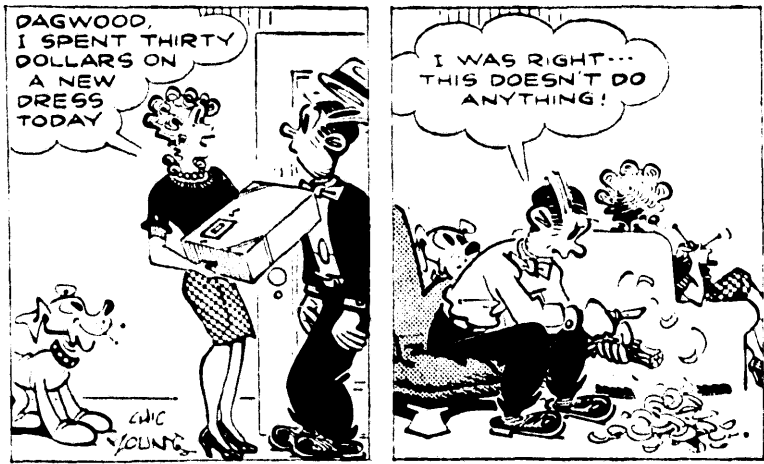

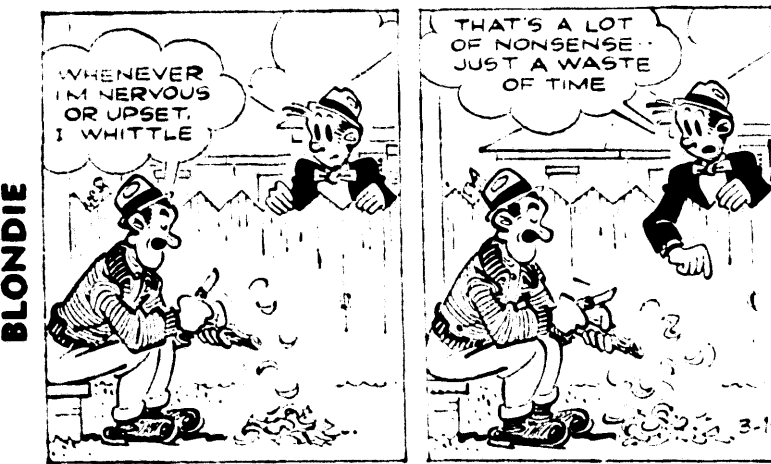

Grand Rapids Catholic Central nudged Grand Rapids Central, 69-61, and Alpena bounced Flint Northwestern,

GLADSTONE

Eaton Boosts Research Funds 20 Per Cent

Research and development expenditures of Eaton Yale & Towne Inc. for 1965 increased to \$9,766,286, up about 20 per cent over 1964, "and the company plans to spend at least as much for similar purposes in 1966," John C. Virden, chairman, and E. L. Ludvigsen, president, state in the 1965 annual report.

Briefly Told

Job's Daughters, Bethel No. 7, will hold a regular meeting at the Masonic Temple at 7 p.m. today.

Clifford Kallshek, Rte. 1, Gladstone, was ticketed by Gladstone Police for improper passing and Ruth Helwig, 1019 Stephenson Ave., Escanaba, received a summons for improper backing after a minor accident on Delta Ave.

The Gladstone Community 4-H Club will hold a dress rehearsal for the Achievement Program at the Gladstone High School Gymnasium Tuesday at 6:45 p.m. All members who wish to participate in the local or county achievement program are required to attend this rehearsal.

Two larcenies were reported to State Police over the weekend. William Carignan, Rte. 1, Cornell, said a chain saw was taken sometime during the past four to six weeks from weeds in Bay de Noc Township and Earl Shumaker, Wells, said a jacket containing several traveler's checks was taken from his automobile. Police are investigating.

State Police ticketed Donald Saunders, Marquette, excessive noise, no muffler; Raymond Grandskog, Rapid River, no registration plates; Irvin Litwiller, Ithaca, Mich., no registration plates; Elaine Waak, Rock, driving wrong way on divided highway; Allen Lanaville, Rte. 1, Wilson, failed to stop for red light; Carolyn Nadeau, Menasha, Wis., no valid registration plates.

MANISTIQUE

OFFICERS OF GEORGE A. Shaw Chapter of the Order of DeMolay will be installed at ceremonies at 8 p.m., Saturday. The officers include, from left, Dan Smith, senior counsellor, Robert Hood, master counsellor and James Frederickson.

Highway Crash Kills 2 Women

Two persons were killed and two others were seriously injured in an automobile accident at 8:40 a.m. Sunday on U.S. 2 in Thompson Township, a mile west of M 149.

A car driven by Peter Benson, 23, of Munising, apparently went over the centerline and collided head-on with a car driven by Mildred L. Albrecht, 31, of Manistique.

She was instantly killed and one of her passengers, Mrs. LeRoy (Edna) Symons, 45, of Bellaire Rte. 2, also was fatally injured.

Another passenger in the car, Betty Ann Bohn, 18, of Rte. 1 Cheboygan, is in serious condition in Schoolcraft Memorial Hospital.

The other driver, Benson, is also in serious condition in the hospital.

State Police report their investigation of the accident is continuing.

It appeared that Benson was traveling east and went into the west bound lane. Miss Albrecht was traveling west.

Miss Albrecht was the secretary for the Manistique County board of education, and Mrs. Symons had a similar position with the Antrim County Board of Education. They were enroute to Houghton for a school conference.

The bodies were removed to the Messier-Brouillette Funeral Home for removal downstate. The fatalities were the first highway deaths in Schoolcraft County so far this year.

The George A. Shaw chapter of the Order of DeMolay meets Tuesday at 7:30 p.m.

APPALACHIANS  
The Appalachian Mountains extend from Canada's Gaspe Peninsula and New Brunswick southward 1,600 miles to central Alabama.

WANT AD RATES  
MINIMUM 20 WORDS

All Want Ads must be in by 5:00 P.M. on the day prior to the first day of insertion.

All cancellations must be by 8:30 the morning of scheduled insertion.

Low word rates permit a complete description at small cost.

For best results, write your WANT AD naturally and clearly.

Place ad for six times. Cancel when you get results. You will be charged only for the number of times run at the current word rate.

1 day - CASH RATE ..... \$1.60  
3 days - CASH RATE ..... \$3.60  
6 days - CASH RATE ..... \$4.80

TABLE SHOWING WANT AD COSTS 20 WORDS AND OVER AT THE CASH RATE

Words	1 tm	3 tms	6 tms
20	1.60	3.60	4.80
21	1.65	3.75	5.04
22	1.70	3.90	5.28
23	1.84	4.14	5.52
24	1.92	4.34	5.76
25	2.00	4.50	6.00

Groups of figures count as one word. Each initial is considered the same as one word. For example: Dial ST 6-2021 - Two words

325 S. 10th - Three words  
A Smith & Co. - Four words

## Bonuses Cut For Chrysler Heads

DETROIT (P) - Chrysler Corp.'s 40 officers and directors collected \$5,568,122 in salaries and bonuses in 1965, down from the \$5,890,254 they got in 1964.

The drop, despite record profits in 1965, was attributed to a stock dividend that increased shareholders' investment and cut the amount available for bonuses.

President Lynn A. Townsend received \$489,800 in salary and bonuses last year, compared with \$555,900 the previous year.

Townsend's total included \$177,000 in salary and fees and incentive compensation bonus of \$312,800, compared with \$179,000 and \$376,700 for 1964.

Chairman George H. Love collected \$127,000 in salary and \$204,100 in bonus for a total of \$331,800, compared with \$376,700 for 1964.

Remember?  
**MALCOLM X**

This is the face of a man who personified for many the extremist faction in the civil rights movement. Do you remember the circumstances of his death? It's just one of the scores of significant events that comes alive in THE WORLD IN 1965, the handsome, 288-page volume prepared for the readers of this and other newspaper members by The Associated Press, the world's foremost news service. The 1964 edition also is still available. Order yours now by filling out the coupon. The new books will be ready early in February.

## NOTICE

Many listings in the "Male" or "Female" columns are not intended to exclude or discourage applications from persons of the other sex. Such listings may be used because some occupations are considered more attractive to persons of one sex than the other. Discrimination in employment on basis of sex is prohibited by the 1964 Federal Civil Rights Act with certain exceptions (and by the law of Michigan).

Employment agencies and employers covered by the Act must indicate in their advertisements whether or not the listed positions are available to both sexes.

## NOTICE TO BIDDERS

Sealed bids will be received by the City of Escanaba, at the City Clerk's office in the City Hall, on or before 8:00 P.M. (EST) April 7, 1966, for the furnishing of 1000 cubic yards (more or less) of Ready Mix Concrete, to be delivered as needed and requested under contract period May 1, 1966 to April 30, 1967. The bids will be publicly opened and read at the regular council meeting on said date.

Proposal forms and Specifications are available at the Clerk's Office. No bid will be considered unless the Proposal form is properly completed and enclosed in a sealed envelope marked "Ready Mix Concrete, Bid, to be opened April 7, 1966".

The City of Escanaba reserves the right to reject any or all bids, or any part of any bid, or to waive any irregularities in the bidding. Donald J. Guindon, City Clerk

## NOTICE TO BIDDERS

Sealed bids will be received by the City of Escanaba, at the Clerk's office in the City Hall, Escanaba, Michigan, on or before 8:00 P.M. (EST) April 7, 1966, for the furnishing of Asphalt and Asphalt Emulsion, to be used in the regular council meeting on said date.

Proposal forms and Specifications are available at the Clerk's Office. No bid will be considered unless the Proposal form is properly completed and enclosed in a sealed envelope marked "Asphalt Bid, to be opened April 7, 1966".

The City of Escanaba reserves the right to reject any or all bids, or any part of any bid, or to waive any irregularities in the bidding. Donald J. Guindon, City Clerk

# 'World In 1965' Covers The News

By ROBERT CROMIE

A valiant and enthralling effort to capture an entire year between covers is made in "The World In 1965: History as We Lived It," by the writers, photographers, and editors of the Associated Press (AP, \$3). The 288-page volume is liberally illustrated. It is on sale at the Escanaba Daily Press office.

Pleasantly enough, the contents are arranged chronologically, so that the year comes back in memory as it was: President Johnson's inauguration, the death of Winston Churchill, Malcolm X's assassination, the March on Selma, Houston's Astrodome, revolt in the Dominican Republic, the Clay-Liston fight, the space "walk," Stevenson's death, the riots in Los Angeles, the death of Schweitzer, visit of Pope Paul, the great power failure, John Lindsay's election, the space rendezvous, and the Ecumenical council, to hit some of the high spots.

Surprisingly, in view of the modest cost, there are a number of color photos, many of them full-page. Among these are shots of the inauguration, Pope Paul's visit, and the war in Viet Nam.

Full coverage is given the Selma march, the violence in Bogalusa (and Watts), the various trials in connection with civil rights murders, and other crimes, and the background of the killing of Malcolm X.

## Frank Andrews, Former State Legislator Dies

ALPENA (AP)—Former Republican State Sen. Frank Andrews, 71, noted in the Legislature for his booming voice, died Sunday at a nursing home here. He had been ill two years.

Andrews served six terms for the 29th Senatorial district. Traditionally, he moved the Senate's adjournment, disdaining the microphone then as on other occasions when he spoke. He served from 1948 to 1960. The widow, Mabel, survives.

Andrews left Detroit in the depression 1930s and became a success as a banker and insurance man at nearby Hillman. He served several terms as Hillman village president and was active in other civic affairs.

## College GOP Picks Chairman

DETROIT (AP)—Kaimin Smith of Albion College was elected chairman of the Michigan Federation of College Republicans Sunday. Also elected were Mary Lovely, Nazareth, vice chairman; Betty Hadley, Adrian, corresponding secretary; Marilyn Johnson, Spring Arbor, recording secretary, and Charles Tyson, Grand Rapids Junior, treasurer.

The Viet Nam war also is scrutinized, and in a special photographic section of war-zone photos tribute is paid to two Associated Press cameramen (Bernard Kolenberg of Albany, N.Y., and Huynh Thanh My, a Vietnamese) who were killed on the job.

Whatever page you turn to there is lively reading matter: a report on Jack Ruby, the playoff game between the Browns and Packers, baseball highlights, the curiosities of the fashion world, pro- and anti-Viet Nam demonstrations, the dedication of a memorial at Runnymede to John F. Kennedy, and Ian Smith's "white supremacy" rule in Rhodesia. There also is time for oddities: "Food faddists had something new to chew over, too. The French began putting wine in cans and an American inventor perfected a vitamin-enriched digestible diaper pin for the baby who ate everything."

If you prefer your years encapsulated, turn at once to the back of the book. There you'll find a full day - by - day chronology of important happenings, a listing of 1965 deaths (from Sheikh Abdullah As-Saleh As-Sabah, who had an annual income of \$600 million to Anton R. Zhebrak, Soviet geneticist, who incurred the disfavor of Stalin), and a listing of the major awards for the year in virtually every field.

In addition there are several pages of important office-holders.

Escalation of the Viet Nam war was first in the "stories" category, and Lyndon B. Johnson was named as the top newsmaker. President Johnson also made the biggest news in the foreign affairs field, and Lady Bird was chosen Woman of the Year.

## Feed Grain Price Stability Seen

EAST LANSING (AP)—The corn price, a key toward predicting other farm prices, is likely to remain about the same or slightly lower for the next five years, agricultural economists say.

The federal government loan rate, \$1.05 a bushel last year, has been set at \$1 for 1966 and likely will remain there through 1970 with market prices staying close to that, they report.

John Ferris and Donald Ricks of Michigan State University say the corn price affects other feed grain prices and these, in turn, affect livestock prices.

Feed grain prices also affect the prices of such other crops as soybeans, dry beans, wheat and hay, which compete for the same land, the two report.

They expect the slightly lower corn price likely will cause some easing of prices on cats, which averaged 63 cents a bushel in 1961-65, and baled hay, which averaged \$21.50 a ton.

SOME 200 NON-UNIFORMED municipal workers of Grand Rapids marched Wednesday through downtown streets of that Michigan City to protest what they called stalling tactics by the city in negotiations on a new labor contract. (AP Wirephoto)

# Smelt Dip's For Youth

By LEE SMITS

A fisherman wades a wilderness stream, striding slowly against the current, letting a dry fly fall as softly as a snowflake — a fly he tied himself — working every likely spot, every eddy, riffle, every patch of still water. He will quit when he has enough trout to fill a frying pan.

which is happier, the fly-caster, reveling in solitude and the exercise of his skill, or the smelt dipper, in the midst of a throng, filling wash-tubs with silvery fish weighing about eight to the pound?

Each is filled with the primitive satisfaction of our long heritage as hunters, fishers, gatherers. Smelt dipping partakes of all three. Plus the excitement of the spring night, fast action, companionship, anticipation of feasting.

In general, smelt-dipping is for the young, and for those who refuse to be old. It involves a wet, chill night with not much sleep. Probably a long drive. Perhaps a few bottles of beer too many somewhere along the line.

Smelt runs are triggered by mysterious factors. Water temperature, for one thing, must be 40 or above. Conservation department records show runs

## Bankers Honor Rep. G. R. Ford

WASHINGTON (AP)—Sen. Sam J. Ervin, D-N.C., and Rep. Gerald R. Ford, R-Mich., will receive the 1965 George Washington Awards and said they will be presented May 1 at the 14th annual George Washington Dinner, which will be addressed by Archie Davis, Winston-Salem, N.C., chairman of the American Bankers Association.

The dinner will celebrate the 177th anniversary of Washington's inauguration as the first president of the United States.

Blue birds favor nesting boxes, if available.

starting around April 7 in south-wood fires, barber shop harnern Michigan, April 16 in the monizing and enormous feeds of Lake Superior watershed, and smelt in restaurants, cottages lasting from 10 to 18 days, or and outdoors.

For about two weeks, smelt are big business in localities extending more than 600 miles, from Lake Erie to the western end of the Upper Peninsula. Smelt dippers are customers for a lot of things, from nets to gasoline, hip boots to flannel underwear; motel units, hot dogs, flashlights, steaks, charcoal, phonograph records. When the smelt rush is on cash registers jungle from sunset to dawn.

Wire waste-baskets were favored dipping gear in the early days of smelt harvesting. Hand nets designed for smelt are preferable. In places on the Canadian side of Lake Erie seines are used.

There is no closed season on smelt, no size limit, no creel limit. The only restriction — the dip net's diameter must not exceed five feet.

The Michigan smelt story begins with a planting in Crystal Lake, Benzie County, of smelt eggs from Maine. That was in 1912. The first sizeable smelt run brought dippers to the town of Beulah.

In 1942 there was a mysterious die-off, starting in Lake Huron, and causing an estimated loss of 50 million pounds of smelt. But the smelt came back, and how! In 1944 the commercial catch of smelt was 200 pounds; in 1952, 4,236,000 pounds. A smelt run includes drift-

## UAW Proposes \$3 Billion For Water Cleanup

DETROIT (AP)—Michigan and the federal government would spend \$3 billion to get rid of pollution in lakes and streams under a proposal to the Legislature by the United Auto Workers Union.

Washington would provide 40 per cent of the total cost and state and local governmental units would contribute the remainder on a 50-50 basis.

The union's program was advanced by UAW President Walter Reuther in letters to Gov. George Romney and key legislators last weekend.

Reuther called for approval of State Water Resources Commission's proposed \$870,000 budget to be used for what he called initial planning, adding:

"There is urgent need for us to take the next giant step. The State of Michigan now must provide financial assistance to its political subdivisions in the

## FFA Considers Admitting Girls

LANSING (AP)—After 38 years as an all male organization, the Michigan Association of Future Farmers of America may soon admit girls.

Off-the-farm agricultural occupations have brought a number of nonfarmer students, including girls, into agricultural courses, said Harry W. Nesman, a Michigan agricultural education official.

The proposal to allow girls to join the FFA will come up at the organization's 38th annual state convention at East Lansing March 23-25.

financing of pollution abatement and control."

Reuther also asked Romney and legislators to support legislative proposals dealing with pollution.

Among these are the proposed repeal of laws exempting copper and iron mines from water pollution control and proposed tax relief for industries that treat waste water under standards set by the Water Resources Commission.

DRAFT DEBATED — The controversy over Viet Nam has caught up with the Selective Service system, headed by Gen. Lewis B. Hershey since World War II. Plans to dip into the pool of previously deferred college students to meet higher draft quotas have met resistance in academic circles and a group of Republican congressmen is proposing an investigation of efficient use of manpower.

## YOU DON'T REALLY HAVE TO BE IRISH TO ENJOY 5 TV CHANNELS OF CLEAR, SHARP PICTURES

THERE IS MORE TO SEE ON CABLE TV!

- \* MOVIES

## DELTA TV CABLE CO.

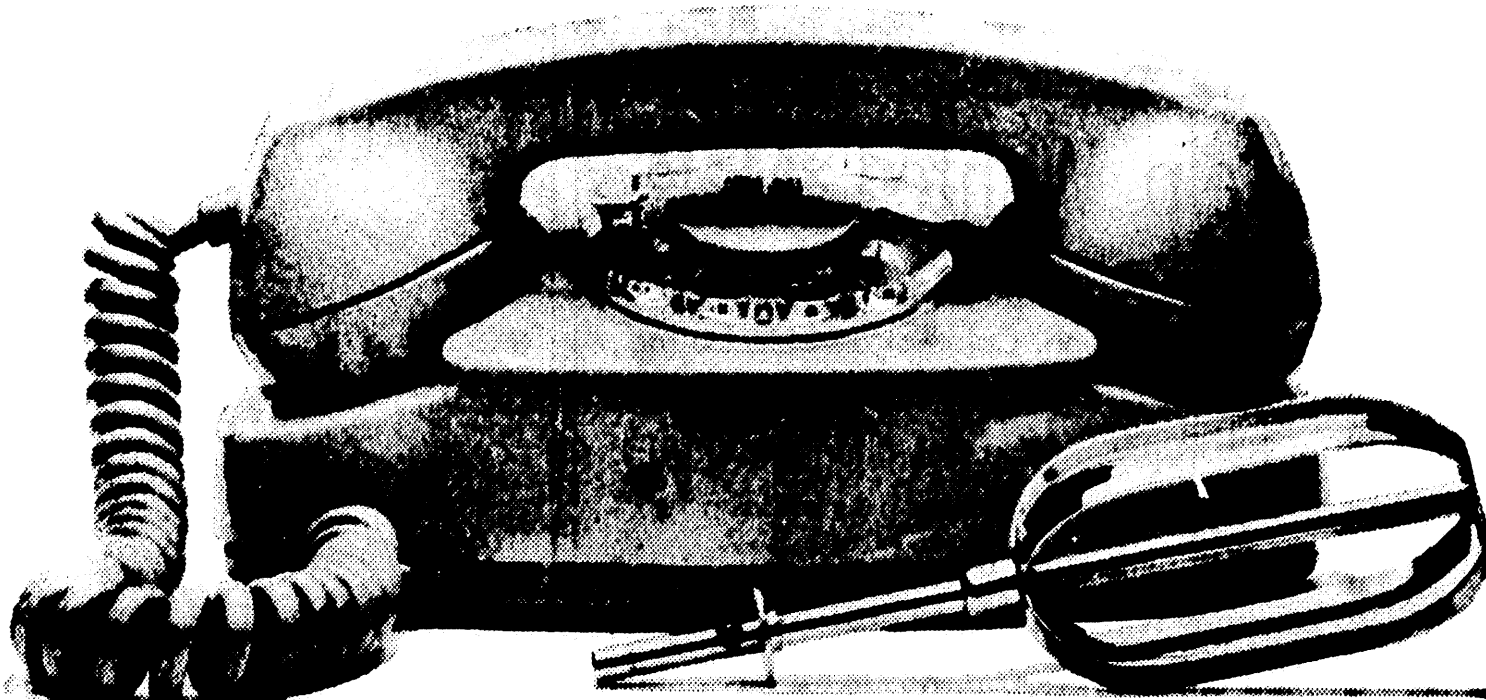

612 Ludington St.

Escanaba

Phone ST 6-2244

Ever feel like this when the phone rings? You need an extension.

You're mixing a cake in the kitchen and the phone rings—in the bedroom. Or perhaps you have only a kitchen phone, and it rings while you're making the beds. You know the feeling. But with a phone in both

places, you never feel up a tree. For the sake of your sanity, order a convenient extension phone.

If you order a dainty Princess® phone in color, you'll enjoy the convenience it offers

plus a bright note it adds to your decor. But whether a Princess phone or a regular desk set, you owe it to yourself to add an extension phone. Call our Business Office or ask your Telephone Man.

## THE Fair STORE

Low, Lacy, Light,  
Lined with Fiberfill...  
and only \$2.50

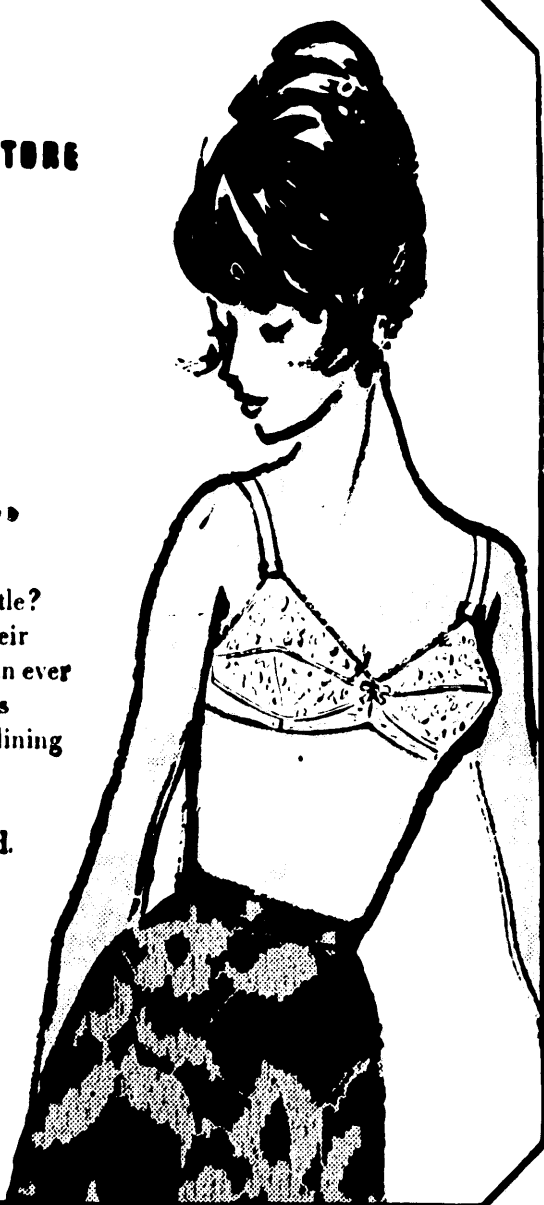

CONFECTION® BY maidenform®

How can such a light 'n lovely bra cost so little? Because Maidenform made it with all their special secrets to make you more feminine than ever at a price you can afford! Dainty, low-cut cups are lavished with lace. Whisper-thin fiberfill lining adds softness and shaping. An easy stretch of "Lycra" Spandex at the midriff breathes with you...promises you'll never be pinched. What more could you want?

White, A, B, C cups.

All Nylon Lace.  
Broadcloth: "Dacron" Polyester, Nylon, Cotton.  
Lining: "Dacron" Polyester Fiberfill.

Second Floor—Foundations
